The stars seem dim as I whisper low My darling boy I miss you so. It's lonely here without you There is such a vacant space We will never hear your footstep Or see your smiling face. New Radio Service To Germany Given Through Red Cross

The Canadian Red Cross today announced its co-operation with the CBC International Service in the inauguration of a new service which will commence immediately for the transmission short-wave of free personal radio messages to Germany.

In a letter to the Society, the Department of External Affairs stated that it would appreciate the co-operation of the Canadian Red Cross in providing certain facilities as arranged with the CBC for the carrying out of this service.

The service is particularly for the benefit of Canadian people who are anxious to locate relatives and friends in Germany. Similar services is still in operation to Czechoslovakia and

Thank You, says Bill Grummett, M.P.P., and Commander of District "H", at the close of the District meeting held in the Legion Hall on Sunday, thank you for this splendid meeting, and I am pleased to see so many young faces here among our representation, which is good, you know the reason I don't remove my cap, as you see a few bald heads around showing we are getting old and some day these young members will occupy our chairs on the platform of the Zone, District and the Provincial Commands and remember the Legion is the strongest organization in Canada and one to be reckoned with.

I need not go into the business details of the meeting as you will have read it in the press.

It was certainly a splendid meeting with a good representation from all the branches in the district, and they expressed their appreciation at the welcome they received from the Branch and to the Ladies Auxiliary for the splendid lunch they put before them under the direction of the President, Carrie Borland and her assistants.

The Parade under Comrade Geo. Nippers was colourful and well attended. Comrade L. Dickenson, Bugler, blew the Last Post at the Cenotaph.

I have been asked to insert this amusing incident that happened on that day. My service was required for the afternoon session, and according to instructions I reported at the Legion at 12:50 promptly, but before going into the Hall I stood outside talking to a comrade when our worthy

Holland and has resulted in many missing relatives being located.

There will be no charge for these messages which must be of a purely personal nature, with no reference to public affairs, business or money and must be addressed to a person, not a company or organization. They may be written in German, but a translation in English is required on the reverse side of the form supplied by the Red Cross to facilitate their handling.

Those desiring to send such messages should contact their local Red Cross Branch where forms will be supplied. These forms will be sent to the Red Cross Enquiry Bureau which will immediately despatch them to the International Service of the Canadian Broadcasting Corporation where they will be broadcast in both German and English. This service is of a temporary nature and will be operated only until normal mail service is re-established.

Secretary and one of our executive, Albert Cain, came down the steps and went into the latter's car and on passing us I gave them the good-bye wave of the hand and I received a smile in return. I remarked to my companion at the time, I wonder if they are going down for me. It sounded silly as they had seen me when they passed, but that was in my mind, so on their return, I was in the same spot, and P. J. seeing me, says where have you been, we went down to pick you up? Well I said, I was here when you left to pick me up and if you had picked me up then, it would have saved you all that bother and gas, P. J. just grinned.

I give great praise to the members of '88, one and all, who did the job of cleaning up, they did a swell job, and I personally recommend Paddy Williamson in his great effort in supervising the job. You did well, Paddy! Thank you, and not forgetting Gerry Harris.

Bert Ketley, our Official of funerals, was asked why the Flag was left dipped at the Cenotaph. That was to remind them of the those who did not return.

Smokey, our only four footed member, has returned from his vacation. How he spent that vacation we don't know, but on the whole, he looks pretty good, and just like him, he expected his dinner on the table when he arrived, and it was.

We referred to Jenks last week, knowing his crib, we don't doubt one bit, when you see the deck he used, 6 Tens, 5 Queens, 6 Jacks and several Fives, so deal that up and see what you get, if you know how.

To our sick members we send our usual 'Hello' and hope you are doing well, I see the old Major, otherwise Jack Dingley, is back at work so everything is alright again.

Mrs. Lester Hill arrived in town on Tuesday morning accompanied by Lester who met her at North Bay, and I'll bet he was a little flustered or call it what you like, but he was all smiles when we saw him. Welcome Mrs. Hill and the other brides who also arrived. May you enjoy your stay in Timmins.

Bert Ketley will report the Vimy celebration in next week's column as this has gone to press. J. GORDON.

RED LAKE IN THE NEWS

Red Lake was to be a big camp according to John Jones, who was interviewed by The Advance twenty years ago. He had just returned from a trip to the area during which he had taken 3,000 feet of motion pictures along the trail, at the gold camps and even farther north. He had met Max Ryan about 40 miles from Red Lake with 30 dog teams and three Fordson Tractors and about 60 men transporting a diamond drilling outfit in to the fields. "You can't buy flour or sugar at any price, most of the time," he stated. "Flour sells at \$18 a hundred pounds and sugar at \$35 a hundred pounds. Bacon brings \$2.50 a pound. I have seen salt pork sold at 80c a pound. Mr. C. V. Callagher of South Porcupine bought some at that price recently."

Legion Plans Large Building Program

Throughout the whole Dominion, the Canadian Legion is contemplating a \$200,000,000 construction program of which an estimated \$1,500,000 will be expended on Legion facilities in Northern Ontario. Harry Fee of Sault Ste. Marie, first vice-president of the Ontario Provincial Command, informed members at the Northern Ontario District "H" Legion Convention held here on Sunday.

An estimated \$400,000 alone would be spent on building in Sudbury and Sault Ste. Marie, he stated.

In addition he told the members present that in the past twelve months 850 new members were enrolled in Canadian Legion Branches in District "H" adding that this had brought the total membership in this area to an approximate 1,796 by the end of 1945. There is now an estimated 75,000 Legion members in Ontario of which 27,533 were enrolled in the past year.

The anticipated increase in all Legion branches he pointed out, was at least 50 per cent.

One of the notable features particularly evident in Northern Ontario, he stated, was the spirit of understanding and the degree of harmony between the new and old veterans.

TO THOSE WHO NEED MONEY... once again we say: When you ask for a loan at the B of M... you do not ask a FAVOUR* WHEN the housewife calls at the grocery store and orders a supply of provisions, she is not asking a favour... she is buying goods for which she will pay on delivery... purely a matter of business. So with your bank. It is a business proposition just as much as the grocery store. The grocer deals in groceries... the making of loans is one of the principal ways by which his bank derives its revenue, he is as anxious to sell his credit as the grocer is to sell his groceries. And like the grocer, the banker naturally wants to know that he is going to be paid for his goods... that his loans will be met when they fall due. That, too, is only good business. When you have occasion to ask for a loan, look at it this way. Come to the Bank, not feeling that you have to ask a favour, but to offer the manager a sound business proposition which will be of profit both to you and to his institution.
