KINETTES PLAN FOR RUMMAGE SALE

Last night the Kinettes held their regular monthly meeting at the home of Mrs. Henry Hudson, 11 Riverside Drive, with President Mrs. C. Bowker in the chair, with a fair attendance present.

Mrs. O. Carter, secretary, read a letter from the Val D'Or Bourlambaque Kinette Club, suggesting that the Timmins Club take over the sale of some of the cook books which they are publishing. The book will be made up of favourite recipes of the members, thoroughly tested, and will be an asset to any housewife. Anyone interested in the purchase of one of these books need only contact a Kinette.

It was decided that the baby spoons which are to be presented to the babies of members, be appropriately engraved to furnish a suitable memento.

A letter was received from the Kinsmen Club asking that the Kinettes aid in tagging for the Cancer Fund, on June 25.

Members are asked to collect as much rummage as possible for the sale to be held Saturday morning, May 18. Those unable to deliver are asked to phone Mrs. R. B. Stock, 1734-M, and she will arrange for collection. A number of members volunteered to work Friday afternoon before the sale, completing arrangements, and all members are asked to be out Saturday morning.

The president complimented the nominating committee for the fine slate of officers drawn up for 1946-47 season. Elections will take place at the next meeting and a complete listing of the slate will appear in the Kinsmen bulletin.

The Kinettes have been guests to two of the Kinsmen's lady's nights, and last night plans were discussed for returning this hospitality. It was decided to hold Kinettes Father's night, in the form of a supper dance, on the closest suitable night to Father's day, which is the second Sunday in June. Arrangements are not yet complete.

The secretary displayed some of the identification tags which can be supplied by a local firm, and it was decided to order the necessary number, as these will be a great help to new members and other guests who have a number of names to remember.

SKI CLUB DANCE DRAWS GAY CROWD

On Friday night the Porcupine Ski Club held their annual Spring-time Dance, with capacity crowds in attendance. The event was held down at the Riverside Pavilion, whose walls boasted posters and placards depicting ski scenes in the North, and music for the dancing was supplied by Henry Kelneck and his orchestra.

There were lovely evening gowns in evidence, the ladies really doing themselves proud for the occasion, and everywhere was an atmosphere of gaiety and friendliness, marking the complete success of the evening as in other

City Slicker Cotton

By PRUNELLA WOOD

THIS good looking two-piece cotton frock is made of fabric hand-loomed in Guatemala, and famous for its unusual colors, as well as its tailoring talents.

The result here is a dress which should delight especially the girls who must work throughout the hot season in cities . . . for it is town-minded in effect, for all its cotton comfort.

Bias bands edge the bottom of coat top and sleeves, besides accenting a wide yoke which runs over the shoulders in a trig effect.

TWIN BRIDGES TO AID GIRL GUIDES

The home of Mrs. F. A. Burt, 27 Hart St., was the attractive setting on Tuesday for two bridge parties. Winners in the afternoon affair were Mrs. F. Porter, Mrs. W. Stanley and Mrs. A. McArthur, with prizes for the evening bridge going to Misses Marjorie Nelson, Roma Porter and Phyllis McCoy.

As a result, the summer camp of the Girl Guides of Timmins came some \$45 nearer to realization this week, as the proceeds of the two bridge parties go to the local Girl Guides Association. Miss Elsie Clatworthy, one of the local Guide leaders, spoke briefly to the bridge-players on the aims and activity in Guide work and the benefits and pleasures derived from Guiding.

She mentioned that Miss Cameron, a most capable leader of pleasing personality, is coming to visit this camp from May 1-9. Miss Cameron plans to hold classes of instruction on Guide work and any one interested is urged to attend one of all of her lectures.

The special thanks of the hostesses were extended to all those who contributed to the success of the venture, and especially to the Timmins merchants who so generously donated prizes. These include Mr. Centner of Bucovsky's, Mr. Friedman, Mr. and Mrs. Halperin, Mr. Bert Sutherland and Mr. Jack Fulton of the George Taylor Hardware.

KINSMEN AND WIVES VISIT SHELTER

On Sunday afternoon the Kinsmen and their wives were guests at the Children's Shelter, and during the pleasant social afternoon tea was enjoyed and the work done in aid of the Shelter by the Club was reviewed.

Guests were received by Mrs. Clarke, matron of the Shelter, and Mrs. C. Eyre, head of the welfare committee. Tea was poured by Mrs. M. Shaheen, and assisting her during the afternoon was Mrs. I. K. Pierce.

Some of the work done towards improving the Shelter by the Kinsmen and the Kinettes has been the installation of an oil furnace, as well as most suitable revisions to the basement and upper floors.

The entire home has been brightened considerably by new painting and fixtures and the former one room third floor has been converted into two rooms, one to be used for the help, and the other for the children. The second floor now contains an infirmary, and a room for the matron, which had previously been on the main floor, and which has now extended through to the porch and provides a playroom for the children, including desks and cupboards also. The basement now provides a suitable workroom. Inlaid linoleum has been ordered, and pretty drapes have been put up.

Additional funds will enable the Club to further their plans for improvement.
