

### North Bay Thinks Aunor Team 'Scruffy'

"A bit scruffy," is the phrase which Britt Jessup, sports editor of the North Bay Daily Nugget, uses to describe the appearance of the Aunor baseball squad.

"Dress doesn't always make a ball team," Columnist Jessup states, "But a picture of the Porcupine district fastball champs appearing in the Timmins Press reveals that the game hasn't got very good sponsorship up that way.

"The champions are Aunor Mines, and except for the odd ball cap or sweater with an 'A' on it you'd never know it was a ball team." No question about it, North Bay has the smartest dressed fastball league north of Toronto. Maybe the Aunor Mine hasn't been hitting pay dirt lately, hence the lack of uniforms for its fastball team.

North Bay will have a chance to see how much influence a team's uniforms have on the batting averages, when Aunor travels to North Bay for the A.C.T. Labor Day fastball tournament there on Labor Day.

senior baseball team defeated Valley Sluggers 10-6 and 18-11 in a double-header with Ernie Tait pitching both games. He was greatly aided by the booming bats of Swains, O'Toole, Kolo-doski, Martan, and Melko.

Now the Hollinger team has been declared 1946 champs. Games were played, and stories read to the youngsters by their supervisor.

#### TOWNSITE

The daily attendance at this recreation centre is up, with approximately 100 children at the park daily.

The swimming party scheduled for Thursday morning had to be cancelled due to cool weather.

Friday, Aug. 23, the junior boys defeated Moneta playground. This was the best game for Townsite so far.

Today the children will have their weiner roast.

#### CAMERON

The attendance at Cameron is also high with 80 children spending their remaining free days at the park.

The swimming party had to be cancelled due to cold weather.

On Wednesday the Cameron Playground children had their weiner roast.

#### MONETA

The attendance at this recreation centre was good last week with approximately 125 children present daily. The swimming party had to be cancelled due to cold weather.

On Friday, Aug. 23, the junior baseball team lost to Townsite. This was the first game they lost and they are the 1946 junior champs.

Stories were read to the children by the supervisor and many social games were played.

GASTON BEAULIEU  
General Supervisor.

### Dates Set For Fastball Playoffs

Aunor, local champions in the Northern Ontario Fastball Association, are looking forward with mixed feelings to the first of their playoff series with Ansonville.

Injuries have weakened the team, and no relief can legally be had from the ranks of other teams, now out of the running. Lucky Laplante is due for an operation, which will leave Aunor with one pitcher, Johnny Mira is hampered by a leg injury, and Bill Dunlop has a wedding in the offing.

The first of the two-out-of-three series will be played in Ansonville next Tuesday, with a return game here the following Sunday. A third game, if necessary, will be played the same day.

In other sections of the league, Kirkland Lake waits to play the Rouyn-Noranda squad; Cobalt, with a bye, awaits the chance to meet the winner of the North Bay-Englehart tilt.

Some young women would make good secretaries if they weren't so clock-eyed.

There's always one girl at every dance who makes the others wish they'd gone to a movie.

### Monster Youth Rally

(Continued from Page One)

much regimentation of study in private schools and a normal thirst for knowledge was curbed. Students lost their love for study, he claimed.

Nadyne Smith claimed that those attending public schools do not become "snooty". Studies were not forced, she said, as study hours were limited. For students unable to attend university a private school served as a "finishing" school for the boys, and gave girls more savoir faire.

Yes, folks, that's what the girl said. Miss Kosobuski returned to her attack against the private schools. Children lost the benefit of home atmosphere, she contended. Parents seeking to avoid their responsibilities shifted their children to private schools, "throwing off the cloak of parenthood."

Miss Smith retorted that the private school was ideal for children of unhappy homes, for shy and overly dependent children and children from isolated areas were enabled to build up self confidence.

John Angus returned to the discussion to state that public schools made the children better mixers, better able to meet the public. Private schools made them too "cliquey," he said.

There were too many distractions at public schools, Brian Spolala contended. There was a better chance to study away from the demands of home life, he felt.

In attending public schools the child lives at home and develops a home spirit, Miss Kosobuski stated. Children should not be deprived of home tasks, she said.

There was a lack of co-education in private schools John Angus volunteered and a child is unable to mix with the opposite sex when older.

The Junior Youth Welfare Council will be on the air at the same time next Wednesday evening.

### Hydro Office Has Fire Damage

A fire, originating in a desk in the rear office and spreading along the floor to the front of the single storey building, was the cause of an alarm answered by Timmins firemen yesterday morning at 6.19 at the Hydro office situated on the back road.

The blaze was extinguished shortly after the arrival of the firemen and damage estimated at several hundred dollars.

### Andy Cappadocia Gets Golf Award In Caddy Tourney

By defeating Barney Beaulieu, three up and two to go, Andy Cappadocia emerged as top caddy in a hole by hole elimination tourney run off at the Timmins Golf Club, on Monday.

As a result Cappadocia was presented with a silver trophy by Miss Barbara Ann Scott, plus a smart sweater jacket. Beaulieu found consolation in a knife and a No. 3 wood, the prizes for the runner up.

The tournament started out with some 30 entries last weekend and among these the following turned in best qualifying scores: Orfello Dimarchi, J. Chevieux, Tom Mounsey, John Habela, Gerry Dillon and Johnny Koren, who won the consolation award.

### No Labor Day Letter Delivery

There will be no delivery of letters or parcel post on Labor Day, the post office has announced. Wicket service will be available from 8 to 10 a.m. Monday morning, however, and the Timmins postoffice lobby will be open from 8 a.m. to 6 p.m.

Letter collection from sub post offices and letter boxes, receipt and despatch of mails, and special delivery service will be as usual, it is stated.

### Protect Children Before School Opens

Children will have their last chance for protection against smallpox, whooping cough and diphtheria, before school opens, when immunization clinics meet in the Municipal Building in Timmins and South Porcupine on Friday after-

### Child Runs On Road, Is Hit By Truck

Barbara Dodd, seven-year-old daughter of Mr. and Mrs. Morgan Dodd of 8 Bannerman Ave., also of Sandy Falls, was the victim of an accident of Tuesday when she was reported to have been run over by a reconverted army truck.

The girl ran out from behind a parked car, opposite 171 Mountjoy St. South into the path of the approaching truck, owned by Carlmac Gold Mines Ltd.

The driver immediately summoned Dr. J. W. Sinclair who was at the scene of the accident when police arrived and the young victim was rushed to St. Mary's Hospital where her condition today was described as "fair". Possible internal injuries and a fractured hip are how her injuries were described. No charge was laid.

Police said the truck was in perfect mechanical condition, the vehicle being brought to a halt 14 feet beyond where the accident occurred and skid marks extended 21 feet on the roadway, indicating where the driver had attempted to stop.

A. H. Hill of Wende Ave., grandfather of the child, witnessed the accident.

### PLAYGROUND NEWS

Despite the cold, rainy days of last week the attendance has come up and the playgrounds are buzzing with activity.

Following are the weekly reports as turned in by the supervisors:

#### HOLLINGER

The attendance at the playground has risen to about 60 children using the playground equipment.

On Tuesday, Aug. 20, the Hollinger

### CANADA UNLIMITED - The Formative Years

### Out of the Lonely North

UNTIL THE THIRTIES, the barren bleakness of the Arctic North was Canada's unknown. Suddenly it leaped into the news. Out of the lonely North there came word of discovery. The searching picks of the prospector had chipped Pitchblende from the rugged face of the rock. A new major source of material for Radium, for U-235, for Plutonium, had been found.

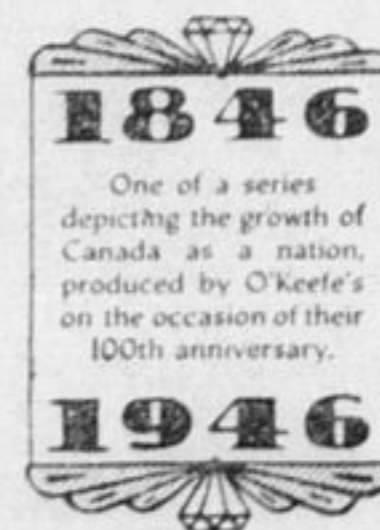

Canada Unlimited

Because of this discovery, the beneficent ministrations of radium have been made available to increased thousands of suffering people at such a price that its curative powers could be used for rich and poor alike. Then, too, Canada, possessing quantities of Uranium, is assured of a leading position in the development of all the benefits of this new power which are indicated but as yet unproved.

Today the pitchblende deposits at Great Bear Lake belong to the

Canadian Government in trust for the Canadian people. Wisely used, this great new asset can bring us measurably closer to that future greatness and security we call Canada Unlimited.

And just as the Victory Bonds we bought during the war helped, amongst other things, to develop atomic energy for war purposes, the Bonds we hold will provide for the utilization of the fruits of Canadian discovery in a better, finer, world.
