Of Interest To Women

For Dancing and Flirting

BY PRUNELLA WOOD

This is a dream of a dance dress, according to its creator... 'no straps, very little waistline, but an endless drift of waltzing skirt.' You, of course, have to provide that wedding-band waistline... and it is perfectly all right with us if you'd rather rumba than waltz.

The fabric is black rayon striped with satin, which may be bright baby blue, or candy pink. The choker is good accessorizing; a locket on a chain or on a velvet ribbon is also appropriate.
