Our Sincere Thanks

To our many friends in the North whose confidence and patronage have helped us match the growth of the Porcupine we extend our sincere thanks.

Futhermore we pledge in the future as in the past to serve you by every means possible and to merit the confidence that has become associated with the name of Halperin.

Doing business with people of the North and their friends who visit us has been for the past three decades a most friendly and interesting vocation.

We feel humbly grateful for the sincere goodwill of everyone and we reiterate that it will be our future endeavour to merit such whole-hearted confidence . . . So once again "Thank You."
