In closing he solicited the support of the Group for the new minister who would be appointed soon.

# MISSING . . . .

Bottles, jars, all sorts of glass containers are MISSING! The warehouse shelf, the wholesaler's storeroom, your retailer's shop . . . they're all feeling the bottle shortage. The shelves that used to be packed with full bottles, jars and containers are now empty—very empty. Your manufacturer and dealer are depending on you to return these empty bottles so that he can refill them again. You depend on him to deliver the goods you need. Doesn't it seem reasonable for you to help each other out? Remember, no bottle means no refill. Please gather up and return to the dealer ALL your empty bottles today.

**WHY A BOTTLE SHORTAGE?**

Canadian glass factories normally produce MILLIONS of bottles every month. The vital ingredient in bottle making is soda ash. The only big Canadian soda ash factory was strike-bound for months. Stocks of soda ash have been used up . . . bottle factories are closed down . . . bottles are not being made today. Beverage bottlers and all producers of bottled liquids must have your bottles back to keep going. Bottling plants will close down too . . . if your empties are not returned.

**D'J'EVER?**

D'J'EVER REMEMBER THAT RESOLUTION YOU MADE LAST FALL ABOUT WEARING YOUR HEAVIER FALL COAT AT THE FIRST SIGN OF COLD WEATHER—

AND THAT ONE ABOUT NEVER FOOLING YOURSELF AGAIN THAT YOU'RE SIXTEEN INSTEAD OF SIXTY—

AND THAT ONE ABOUT DRIVING MORE CAREFULLY THE MORNING AFTER THE FIRST SNOWFALL HAS MADE THE STREETS LIKE A SKATING RINK . . . .

D'J'EVER REALIZE THAT IT'S TIME FOR YOU TO MAKE THESE RESOLUTIONS AGAIN . . . . AND KEEPING 'EM THIS TIME?
