★ WOMAN'S PAGE ★

No, it doesn't have to be a long, cutaway jacket for that spring suit, if you aren't in love with that silhouette. It might well be this bright model by Molly who has such a hand with suits. This one shows ballerina silhouette, and is fashioned of mocha gabardine and tricked out with a brown alligator belt. Little tucks above and below toe waistline mould the youthful jacket into roundness over the hips, and there are slit hipline pickets. Smart tucking is used at the cuffed wrists. It is a smart and chipper number, but suave and sleek for all that.
