OUR IMPRINT

WE consider that our imprint is the equivalent of a guarantee. It's not mere advertising. It doesn't appear on much of the printing that we produce, because it isn't expected to intrude.

But when you see it you may be sure that the firm on whose printing it appears may have suggested it themselves. They know that it is the Hall Mark of a printing house that has earned the reputation of honest work well done. That's why they like to be identified in their business dealings with the imprint of The Porcupine Advance.

To us this is a constant challenge. It's one thing to have earned a reputation — its another thing to continue to merit it. And that is what we strive to do in all our dealings with the list of clients to whom we send statements monthly.
