SCHUMACHER "Ersatz" Exhibition In Masonic Hall

The Canadian-Finnish-Aid Society in South Porcupine is holding an unique exhibition in the Masonic Hall on Saturday May 17th.

A bundle weighing 250 lbs has been received from Finland via Vancouver containing many interesting articles, all specimens of the kind of "ersatz" necessities which Finland had to make shift with, during the war. Not having seen the articles when this information was given, we are unable to state precisely what they are but paper sheets, pillow-cases and clothing -- ingenious substitutes for the proper things will be on exhibition. In addition the ladies of the organization will serve coffee and their famous coffee-bread, and have a table of their own baking-products for sale.

All receipts will go to the fund for Aid for Finland, from loyal Finnish Canadian people. The exhibition opens at 2 p.m.

HANDS AT WORK...

LEARNING TO PRINT

ONTARIO'S future prosperity depends directly on a sufficient volume of production to satisfy domestic needs and assure for Canada a pre-eminent place in the markets of the world. Every individual product of Ontario's manufacturing plants requires the services of printing at some or many stages of its development... order forms... production forms... invoices... shipping bills... advertising... publishing. The whole printing industry is faced with unprecedented demands... and to meet those demands skilled hands are needed. For them great opportunities lie ahead. Higher wages, job security, better working conditions are within easier reach of those who have mastered a skilled occupation.

Today, through the plan sponsored by the Department of Veterans' Affairs and other agencies, thousands of young workers are being trained to meet the printing and other industrial needs of this Province. Graduates of these rehabilitation courses are now ready to take their places in Ontario's industry. Available to you are veterans, well started on the road to skilled printing trades such as hand composition, linotype and monotype operation, bookbinding, lithography and presswork. Seek them out with confidence. They are your future craftsmen.
