electd to go with the group touring the north of England and part of Scotland. Every place the young men went they were royally entertained, often being the guests of honour of Lord Mayors and other high dignitaries. They visited various air stations and found much to interest them in reference to air service. Places of historic interest were also visited, including two British Houses of Parliament, the Tower of London, St. Paul's Cathedral, At the Tower of London they saw the famous "Beefeater." Among the many who specially entertained them on the trip were the high officials of the Naval Cadev.

Clav'r humor added to the interest of the address. In touching on the foot situation in Britain, the speaker quoted current humour overseas. One incident was at a Scottish theatre, where one comedian suggested to his partner that Switzerland had appointed a Minister of Naval defence. "But Switzerland has no navy!" objected the second jester. "What about that?" replied the first comedian, "we have no food." The other item was the current joke in Britain that they no longer wear shoes; they eat them!

Vectors for the day, introduced by Kiwanian Bob Harvey, were: the guest speaker, Roy D. Howlett; his father, Geo. Jas. Howlett, Timmins Kiwanian Air Cadet Squadron Instructor, Timmins; Kiwanian R. H. Starr, of New Liskeard; and W. G. Brown, Toronto.

SOUTH PORCUPINE Sad Bereavement At S. Porcupine Home

Sincere sympathy is offered to Mr. and Mrs. Arthur Hall, of Charles St., S. Porcupine, in their grief over the tragedy of Sunday afternoon which took the life of their dearly loved little son, Walter Hall, aged 10, youngest of the family.

Walter was killed instantly on the Pctsville road, around 1:30 p.m., by a car driven by Alex Ivanoff of 25A Washman St., Kirkland Lake. The lad was riding a bicycle in company with two other little boys, one of whom was his nephew, Christopher (Kit) Hall, son of William Hall, of Porcupine.

The driver of the Kirkland Lake car passed the boys who were all going to South Porcupine.

The bicycle of Walter swerved in front of the car as the driver made way to follow a south-bound car to pass. A high wind was blowing at the time. The child died of a fractured skull.

Ivanoff rushed the boy to Porcupine General Hospital, but nothing could be done.

Funeral services were held on Wednesday afternoon, from St. Paul's Anglican Church at 2 p.m., with Rev. J. Morris officiating.

Wolf Cubs will attend the funeral as the dead child was a member of the local pack.

AIDS FOR EYES

In getting a pair of reading glasses, don't just pick them up from a store counter, after testing your own vision, warn health officers. Such glasses may be relatively cheap, but it's false economy to buy glasses which only add to eye-strain.

Authorities note that the layman cannot judge the correct type of lenses to use in eyeglasses. He may pick them too strong or too weak. The only safe way of adopting aids for the eyes is to have the optics examined, first by an eye specialist or by a qualified optometrist.

Today's mystery: How does the first person to get off an elevator always manage to be right at the back?

A surprise Stag Party, where at the sponsors were as much surprised as the guest of honor, was held Sunday evening September 14th in St. Vladimir's Hall in Ansonville.

Mr. Albert Vanier was to be the guest of honor but shortly before the party was due to begin Albert was taken ill and was ordered to bed by his doctor. When this news reached the host they were quite surprised (to put it mildly), but they decided, however, to go ahead with most of their plans.

During the early part of the evening, a delegation from the party made a flying trip to Mr. Vanier's bedside and presented him with a beautiful carving set. This was then Mr. Vanier's turn to be surprised — and he was also much chagrined to learn of the party and not being able to attend.

During the course of the festivities a St. Vladimir's hall a few highly entertaining song and dance acts were presented; chief among which were cowboy songs sung by Mr. Bill Dorman; Russian folk songs and dances by Mr. Bill Shisko and Mr. Dan Gregg old fashioned dance music by Messrs. Dan Gregg, Geo. Gregg, Ian Cuthell and Bill Dorman; and impromptu tap-dancing by Mr. Leo Devine.

NEWS & VIEW S OF T.H. & V.S

(by Nore Flynn)

RUGBY SEASON BEGINS

Timmins High School is to be guest at Iroquois Falls High School this Saturday. Our senior team will play the Falls team. The opening of the season is eagerly awaited by students, many of whom are going to the Falls to fill the stands with visitors' rosters. Rugby will come more into the eye of the North with this season. It has had an earlier start and our Timmins team will travel more. Kapuskasing is the next stop for the team, according to quarterback Bob Gavan. Timmins men will carry the school colours to the "Model Town of the North" on the Saturday following the Iroquois Falls game.

We hope that the adults of this town will express more interest in collegiate sports. Around the school we believe that we have something to be proud of in sports and we would like to see more adults at games held at our own park.

The junior team, although held back by lack of equipment and a large league, has started conditioning. The first practice was held last Monday behind the Armories.

Mr. Sellars, the exclusive coach of calisthenics and kicking at the first practice.

Supplementary to the intercollegiate schedule, an interclass league has been established at T. H. & V. S. Mr. Birkenshaw, a new member of the teaching staff, has been very active in this league. We must be grateful for such an energetic staff.

RUMORS ARE FLYING

Although there has been no start in politics as yet, rumors are circulating that Bill Mackay and Carlyle Dunbar will be battling for the polls in October's elections. This promises to be a stirring election should this rumor be true. Bill Mackay has a record of

many years of hard work in extra-curricular activities and an excellent list of achievements. He is also well versed in the functions of politics. Carlyle Dunbar, on the other hand, is backed by a strong faction. His name is well known through years of associations with school publications and as an editor he is familiar with politics.

There is nothing like the flurry of election campaigns to put life into a school. Posters blossom around the halls and stirring speeches are made in assemblies and rallies... and young minds like mine are provoked to deeper thoughts than usual and awakened to the meaning of democracy.

DEEP THOUGHT

In response to my question of what he thought of the terrific rise in the price of bread, Roy Dishlevoy, a classmate, grunted, considered and made this answer: "There's plenty of beans, why worry?"

This logic was so comforting that I followed it. I ceased to worry about whether it was right or not for the price of bread (not caviars or some other rich man's delicacy, but bread, the poor man's Staff of life) to be raised so high. But it is true that there are plenty of beans—till the beans go up too.

"America Enjoys Greatest Traffic Jam in History." And there's something of an overflow around here.
