NEWS & VIEW OF T.H. & V.S.

(by Nore Flynn)

Well, this has been a pretty big week so far, what with two distinguished speakers in one week and the Play Nite matinee yesterday, and from the talk in the locker rooms and the dressstore, the week end promises to follow through on the same note of frivolity. At least one gang promises to have a good time Friday night — the players of the drama society are supposed to have a small party after the final performance. The senior girl basketball squad of T.H. & V.S. looks pretty well battered up after their last game. We notice Mary McHaggerty staggering around under the weight of a huge piece of court plaster on her nose. Sylvia Paslawsky, too, is reported to have taken her share of the jolts. The senior girls have taken two wins and suffered one defeat so far in the loop. They defeated Noranda Girls at Timmins and then in the visitors home town. Kirkland Lake, however, trimmed the locals at Kirkland. Timmins Senior girls will take their bid at revenge when Kirkland visits here, next February 20th. The locals were told at Noranda that their passing plays were wonderful. The praise came from sundry Noranda officials. The senior boys squad has played two loop games to date, defeating Noranda seniors at Noranda 60 - 25, and dropping one at Kirkland Lake, 33 - 27. They get another shot at the Kirkland Lake team this Saturday night when the Lake visits. The game will take place in the Melnyre gym and there will be a dance after in the Timmins High and Vocational School auditorium. The senior squad's first line is described as "pretty hot". This line is composed of the following plays: Don Menard, Bob Gavan, Buddy Menard, Phil Aiello and Alec Nastasuk. Don Menard and Bob Gavan are the top scorers of the team, taking a large percent of total points. Buddy Menard also does his share of the point-garpering, according to reports. Tevenna, Gagne and Canie, despite their diminutive stature, are also valuable players. All is in readiness for Play Nite and on the day this is printed, the first performances will be presented. Wonder when Miss Quinn and Mr. Birkenshaw will be back? The relieving teachers are doing a fine job, but you know how it is — those familiar faces now absent etc. etc. Hurry back! Gee, we miss youse.

Parliament held a very short meeting last week. Short isn't the word for it, turned around to look at an attractive girl and when I turned back to go into the room, I was informed that the meeting was over. We don't like long meetings, but Pulease!

We can't understand the way Bob Kembal is never seen any more than about three feet away from Kathleen Murray. Looking back, we remember Jackie Marsh and Bernie Youlten, Thelma Curtis and Tubby Williams and several other couples. Better luck to you, Bob — smoke gets in your eyes.

SCHUMACHER C.G.I.T. Make Final Plans For Holding "Tag Day"

The Canadian Girls In Training of Trinity United Church held their meeting Monday evening in the church hall. The meeting opened with folk dancing. A short business session was held and plans were made for the C.G.I.T. Tag Day which will be held Saturday February 14th. The worship service was conducted by Jessie MacKenzie and Joan Studen. The meeting closed with taps. Attending were Mrs. Smyth and Betty, Mrs. Monaghan and Shirley, Mrs. Boyce and Helen, Mrs. Love and Shirley, Mrs. M. Kenzie and Jessie, Anitha Platt, June Collier, Margaret Tathinen, Shirley Manette, Ella Simmons, Joan Studden, Nina Phillips, Joan Greer, Robbie James, Helen Eliot, Maureen Kennedy and the Leader Miss K. Christopher.

Kirkland Lake. We do not know exactly what he is doing, but the work is supposed to be quite lucrative while not being terribly hard on the constitution. Ah — trust Bill to find it

Dave Rose is a different fellow to us now. We always liked Dave, but that impromptu oration he gave last Monday afternoon in thanks to George Drew was the thing that really won our hearts. It's been a long time since we have seen so much personality come to light. His manner could have but one adjective — scintillating. You did the school and your dad proud, Dave!

According to Patsy Brewer this Frank Chan fellow is really tops. (And not only in oratory, she would have us believe). Getting any fan mail yet, Frank?

Attention, Kay MacLeod, the gang really misses you these days. They want you back in Operation Pretzel. What's her name? If she's good enough for you, she's good enough for us! Bring her up next Friday night. Especially if she can play the piano.

What's come over me - these days?

Often a woman becomes panicky and gives way to fears and nerves — when perfectly natural changes are taking place in her system. And the unfortunate part is that these dark dreads and fears may cause a nervous breakdown . . . needlessly!

Plenty of sleep, fresh air, wholesome food and Dr. Chase's Nerve Food will help to build up your vitality and tone up the whole system — so that nerves and hysteria are forgotten. Yes, when you're in good shape physically and mentally — with no condition of "nerves" to magnify the slightest change — you can keep serene and happy right through the most trying times.

So remember, at the first sign of the fidgets, hysteria or nervous doubts — start building yourself up with Dr. Chase's Nerve Food. You'll rest better, look better, feel better. Keep yourself in good condition with this time-proven remedy which has helped thousands of Canadian women. The name "Dr. Chase" is your assurance.

HANDS AT WORK... LEARNING ELECTRONICS

ONTARIO'S products are desired and purchased by people all-over the world. The capacity to produce such goods largely determines the economic welfare of every man, woman and child within her borders. Because the sale of every article produced in Ontario brings valuable dollars into this Province, we are all more assured of job security . . . and we and our children can have more of the best things in life. But to produce such goods in sufficient quantities, the labour is vital. That is why every single one of us should be glad that war veterans are constantly being trained to provide the skilled hands so needed by Ontario's industry. They receive ON THE JOB training under expert instructors in one Ontario factory.

This training, provided through the co-operation of the Department of Veterans' Affairs, the Federal Department of Labour and the Ontario Department of Education, starts the veteran off on the road to skilled craftsmanship. Radio, television and the field of industrial electronics all offer outstanding opportunities for skilled technicians and because Ontario's electronics products are eagerly purchased by countries the world-over, every effort of these newly skilled veterans helps to make Ontario a finer place in which to live and contributes to the welfare and happiness of all her citizens.

THE BREWING INDUSTRY (ONTARIO)

ELECTRONICS
Stanley Barlow, 21, and S. R. Inkster, 26, both of Toronto, and both former members of the Royal Canadian Air Force, are typical of the hundreds of veterans who have been trained in schools and ON THE JOB.

Here they check the measurements and performance characteristics of an electronic control device for control of motor speeds. This instrument was designed and constructed by these two veterans under supervision of an electronics expert.
