IT'S WISER TO CALL IN AN ELECTRICIAN

Electricity is one of the great wonders of our day ; ; ; but one of the deadliest. The unskilled person who attempts to repair any type of electrical equipment is asking for trouble, and possibly death. When trouble develops, call in an electrician. He is the person best qualified to make any necessary repairs. This is the only sure way to avoid danger of shock, fire, or something even more serious. Avoidance of needless risk is evidence of your "Good Citizenship".

Make a note of some of the electricians which, in your opinion, contribute to Good Citizenship.
