Car Derailed
On Saturday morning, March 27, one of the freight trains was derailed at Warsac a few miles north of Matheson. The passengers from train 49 were transferred at Matheson to O.N.R. buses which arrived in Timmins soon after 10.00 a.m. This certainly speaks well for our Ontario Northern Railway system, one can remember not too many years ago, when travellers would have to wait hours until the rail was cleared, in this instance it would have been late as train 49 arrived in Timmins at 4.10 p.m.

The following motored to their homes in Matheson from Burwash last week and left Sunday afternoon to resume their work: Jack Campbell, George Abate, Vernon Monohan, J. Bartlett and Gordon Kitts.

Mr. and Mrs. Ronald Andrew and daughter of Holtre spent the holiday week-end with relatives and friends at Matheson.

GREAT DANE LEADS WAY TO OPPORTUNITY

Occasionally some woman or girl writes me that her sex doesn't have as many opportunities as men. No? Well, if these readers will study the lives of successful people, they will find that both men and women make their own opportunities. And here's a girl who did just that.

Katherine Hyde, Castaic, California, had a handicap. Could find no place to live. Wasn't wanted anywhere. A Great Dane dog! Naturally landladies didn't warm up to this handsome animal. Too big, too bulky, too awkward, and always hungry. A little dog, maybe, but not a Great Dane.

But Katherine loved her dog with all the fervor of a dog lover. And the beautiful, hulk of animal loved her. She couldn't give him up, although it took just about all she earned at the Lockhead plant to support him and herself.

Then she got an idea. She had supported her Great Dane for a long time. Now she would let him support her. She would breed Great Danes and sell them. Most anyone with a big yard wants a Great Dane. In a short time there were five beautiful little Great Danes, whose father was the international champion, Riese Von Loheland. After a while there were more. So she bought a ranch—at the above address, which is at the top of a mountain. In addition, she rented 12,000 acres of range land in the Angeles national forest.

To date, her dogs have won something like 150 prizes, and there is no difficulty in getting good prices for them. Don Ameche has one, so has Janet Gaynor and William Bendix and Bud Abbott, among many others.

Does she breed, give a start in life, and forget? No, indeed. Katherine loves her dogs. When they are sold, she feels pretty much as a mother does when she sees her child start out on his own. But fortunately, she knows that those who buy her dogs, do so because they love them. So

everything is all right. Katherine says if she found that someone was mistreating a dog of hers, she would gladly buy it back.

Do you want to know how much money she had to start in business ten years ago? Just \$50. Now, do you think that success comes to those who have opportunities handed to them? Is there something in your life which you could turn to a commercial advantage? Something you love to work with? Don't start with anything you don't love.

Remodel Building

Many citizens have noted, with interest, the remodeling job that has been started on the old Woods Office adjacent to the present Woods Office. This old building is to be fully repaired and will subsequently be used as an office by the Engineering staff of the construction project which has already begun.

A quick check recently revealed that there are only three present Abitibi employees still here who, at one time, worked in this old office. To the best of our knowledge they are Geo. Adam, T. C. Dobson and L. D. St. James. This fact, to our mind, constitute some kind of record as this building has not been used as an office for more than twenty-five years.

New Bay Store

Some of the finest trees in Iroquois Falls were recently cut down with much regret, in the small park next to the Hudson's Bay Store. This action was necessary to provide space for the building of the new Hudson's Bay Store. When completed this new store will more than compensate for the loss of the trees as it promises to be one of the most modern and most efficient store buildings in the North.

Mr. John McClaren, who recently entered the Mountain Sanatorium in Hamilton is progressing most favorably and it is the hope of everyone hereabouts that he will return to our town in the very near future.

Miss Jean Dobson has returned from a month's vacation spent in Montreal.

Mr. Alex Carlisle has been transferred to the Toronto office of the Abitibi Company. Prior to his departure Mr. Carlisle was feted at a party held by his many friends.

VITAL VITAMIN

If the respiratory tract is kept healthy, susceptibility to infections which could enter the body through that channel will be reduced, and food authorities announce that Vitamin A helps maintain body tissues, particularly of the mucous membrane, in good condition.

Canadians are advised to eat more green and yellow vegetables to obtain their Vitamin A. Vegetables contain Carotene, a substance which the body readily converts into this vital vitamin.

Kinsmen

The Kinsmen Club held their regular meeting in the basement of the United Church on March 22. Final plans were made for the Oyster Stag party which was held the following Wednesday and reports were heard from various Committees.

The main feature of the agenda was the session of "Beefs" which was held immediately after the New Business. To begin the "Beefs" topic the President ordered the Minutes to be closed off and requested all members to air their grievances so that all concerned would have an opportunity to not only get some relief from any tension but would also be able to answer any charges made. It would not be quite fair to report any "Beefs" made but we can report that the charges and counter-charges were a bit on the mild side when consideration is made of the work achieved by the club since its founding.

We can also report that the discussion was quite lively at some points. All members gathered for a social in the Kin Committee room following adjournment of the meeting and everyone agreed that the meeting was a decided success and that more such sessions should be held at regular intervals.

The many friends of Mrs. Roy McLeod will be pleased to learn that she recently went through a very successful operation at the Toronto General Hospital.

The Kinsmen Oyster Stag was held on March 24th in the Knights of Columbus hall. A grand time was had by all who attended. Sing-songs, cards and games were the order of the evening along with much eating of oysters both raw and cooked. Kinsmen were in charge of the various entertainments and special mention should be made of the work done by Kin Herb Wilkes who had charge of the kitchen and who served oyster stews and soups in his inimitable style. The club reports that the venture was a success and wishes to thank all those who helped in any way.
