GOOD CITIZENSHIP is a lot of little things

RIDE SAFELY!

Bicycle riding is not only a thrifty means of transportation, but one of the healthiest of sports. Unfortunately, it is also one of the most dangerous of outdoor activities unless you observe the rules of safety. Careless cyclists cause many accidents, and

the bicycle rider usually comes off second-best in a collision. If you want to live to a ripe old age, don't wander all over the road. After dark, show a light ahead, a reflector behind. Play safe, obey traffic regulations, and contribute to "Good Citizenship".

You can help this public service effort. Make a note of some of the little things which, in your opinion, contribute to Good Citizenship.
