Adult Education Group Meets Friday Night

The annual meeting of the Timmins Adult Education Group is to be held in the council chamber of the town hall on Friday evening of this week, Oct. 1st, commencing at 8 p.m.

A specially large attendance is desired at this meeting. During the past year so much has been accomplished by the Adult Education Group that it is felt that with continued and increased effort still more effective work may be done.

Part of the success of the Group last year was due to the early organization. If the attendance is large enough and enthusiastic enough on Friday evening there is a surety of greater usefulness in the ensuing year.

The Timmins Adult Education Group, working in co-operation with the Timmins Community Activities Committee, and with the Communities Programme Branch of the Ontario Department of Education sponsors music, drama, parent education, handicrafts, hobbies, interior decorating, art, general education for adults.

The reports to be submitted at the annual meeting on Friday will show the extent and the success of the work.

The Music committee, under the convener'ship of Mrs. Armitage, presented the notable Christmas Carol festival held at the McIntyre Arena on Dec. 14th. About 1,000 voices were heard in this pleasing event. The attendance was over 3,000, and there was general agreement that this event should be an annual one. Music appreciation classes were also conducted by this committee, under the convener'ship of Mrs. Armitage.

Hundreds of people enjoyed the exhibit of handicrafts, shown at the Odd-fellows' hall on Nov. 14th, under the auspices of the group, and with Mrs. S. Shankman as convener of arrangements.

Helpful courses in Parent Education were conducted during the year. Various groups in towns were interested to advantage. This section was under

the convener'ship of Miss Kelly. The report of the General Education section (A. A. Rose, convener), shows a large number of classes held at the Timmins High and Vocational School in the evenings. These classes included: English, French, drafting, electricity, machine shop practice, music appreciation, sewing. The total enrollment for these classes was 530.

The handicrafts and hobby classes, with A. Hiltz as convener, featured leatherwork, silk screen work, shell work, and other handicrafts and hobbies. In connection with this department, it may be said that anyone who has any line of work of this kind in which they are interested, has only to make their wishes known, and classes will be started in that line if the small number required for a class can be found.

The Drama committee (Mrs. J. A. Theriault, convener) were successful in the sponsoring of the Drama and the Drama Festival. From this it is confidently expected that there will be important results in the future. Following the success of the Drama Festival, a Porcupine Drama League has been formed, and interest is keen.

The Weaving classes (Mrs. E. Murphy, convener) were an important success. Sixty ladies took these courses during the year. Twenty-two of them already have looms of their own and are busy making scarves, handbags, curtains, etc., and even cloth for their own and their own men's suits. The net result of the weaving classes may be given as a new industry for Timmins, offering pleasant and profitable employment to sixty.

The "Open Nights" for the weaving classes were also attractive events in which the general public took much interest and pleasure.

Interior Decorating classes were appreciated by many during the year, and proved of much value. Lee Capps was convener of this section.

The Art classes and Art exhibits (Mrs. R. E. Sturgeon, convener) were among the most valuable and popular activities of the Timmins Adult Education Group. The activities in this section stirred the interest not only of those with some talent for art but also created general interest in this cultural subject.

Matheson And District News

By Mrs. G. R. Weir

The exhibit of Arts and Crafts held at Matheson, Saturday last by the Matheson branch of the Women's Institute was a great success. One of the main attractions included in this exhibit was the unique collection owned by Kelly Chamandy. Storekeeper of Wavell, who at one time operated a store at Moosonee, prospected and traded with eskimos.

While at Moosonee he made a hobby of collecting oddities, amongst them were quite a number of Ivory carvings from turtle tusks, tiny Polar bears, birds and Eskimos with harpoons all perfect in every detail. In the same case there is a team of five unborn Husky pups, shrunk and treated for preservation until they are only about six inches from tip-to-tip. They are harnessed to a tiny sleigh carrying two small carved ivory seals, the reigns held by a tiny fur clad Eskimo. This according to Mr. Chamandy is the only exhibit of its kind in the world and was made by Mr. Weetluk an Eskimo Guide at Moosonee.

In the second case there was a splendid oil painting of the wrecked three mast barke "Shark" which made annual trips with provisions and mail from London England to Charlton Islands in James Bay before the boat was wrecked in 1905. This was painted on a window blind from the boat by a Mr. Hutchinson 2nd mate of the ill-fated barge. In this case there were numerous articles, tiny moose-hide moccasins, banded belts, snowshoes, and tobaggans. A barometer from a balloon of the U.S.A. Army, lost 17 years and found covered with moss, with just the glass broken, picked up in 1927, was another exhibit in the case with the picture. Other exhibits included a stuffed hawk and a stuffed owl shot in this district.

Souvenirs from both World war 1 and 2, ash trays out of bullets, wooden shoes from Holland and Italy, also a few keepsakes from the Matheson 1916 fire. Family heirlooms such as "My Grandmothers shawl 1840", ancient chinaware, needlepoint, tatting, hand-anger embroidery, crochet work and tablecloths, one lady sent in an old Estons' catalogue of 1918 which brought much merriment, a few hooked rugs, quite a few beautiful modern patchwork quilts many more things too numerous to mention. A small bell dated 1878, the book of St. Matthew's translated in 1889 to Ojibway, paintings and pencil sketches by a local boy. A small raffle was won by Mrs. C. Pullen of Ramore. This exhibit, the first of its kind held at Matheson, was successful both from a social and educational standpoint and the officers and members of the Matheson W.I. wish to thank all those who helped make this event so good

especially Friendship Circle, Anthony and Northern Star branches of Shillington, who exhibited with Matheson. The talk of the town is that the Matheson W. I. put on another exhibit but we will gain by the experiences of our first efforts, and errors.

Mr. and Mrs. Reg. Gregg of Shillington have purchased a Hotel at Orillia where they intend to make their home. They plan to leave this district at the end of this month. The best wishes for their success is the wish of their neighbors and friends in the district.

Mrs. Robt. Craig of Matheson has spent the past week at Thessalon with her husband who has been employed with the McNamara Company for the past few months.

Mrs. Bruno Mongrain of Iroquois Falls, and her children Eleanor and Garrith visited relatives and friends in Matheson last week.

Miss Mary Smith of the Telephone exchange, Porcupine Junction, visited in Matheson last week.

Mr. and Mrs. Hector Morin of Matheson returned home this week after

relatives and friends at Ottawa and district, having spent two weeks visiting with
