Free Language Class Holds Xmas Concert

The South Porcupine Branch of the Free Language Evening School for new Canadians of the district decided last Tuesday evening to hold their twelfth annual Christmas concert last Tuesday evening before the usual Christmas holidays. The concert will be held in the regular classroom in the old High School building during usual school hours, 7:30 to 9 p.m.

As a new adventure, the students of the South Porcupine branch decided unanimously to give in invitation to the students of the new Pamour Branch to join with them at this concert and to bring their Male Chorus along and to take part also in other programme prepared for that concert. This concert, on account of limited accommodation, will be open only to students of the South Porcupine and Pamour branches.

The Pamour Branch students of the Evening School, during their regular school hours, last Wednesday at 3:30 p.m. and 5:30 p.m., in the Pamour First Aid Lecture Room, enthusiastically accepted the invitation delivered by the teacher, the Reverend A. I. Heinonen, on behalf of the South Porcupine students, and are rehearsing their programme of songs, recitations, readings, games etc. with the expectation of contributing their full share at the South Porcupine concert.

The Pamour Branch students of the Evening School will also hold a Christmas Concert of their own on the last Sunday before Christmas, Dec. 19th, at 2 p.m. in the Sunday School room of the Pamour Guest House. On account of limited accommodation, this concert will be open only to the students of the Pamour Branch and their specially invited guests of honor.

At both concerts the students of Pamour and South Porcupine will deliver their interesting concert programmes in English.

The students of the Timmins Branch have not as yet discussed their annual Christmas Concert plans.

A few more students will be admitted to all classes in all three branches of the Free Evening School. Early registration will be appreciated. The regular school hours are: in Timmins, 53 Rea street School every Monday at 7-9 p.m.; in South Porcupine Old High School building every Tuesday at 7:30-9 p.m. in the Pamour First Aid Lecture Room, every Wednesday, at 3:30-5 and 5:30-7:15 p.m.

Dedication of Legion Hall

The grand opening and dedication of the new Legion Hall in S. Porcupine took place on Saturday evening.

The dedication was a most impressive affair. Rev. David Mitchell who at one time was in the Reserve of the Algonquin Regt., presided at the ceremony.

After the singing of "O Canada," Mr. J. McCurdy who is president of the Legion here, opened the proceedings, after which Capt. Gordon Countryman, District Commander took over.

The ritual of the "March of Colors" with two pipers and drummer, and two Legionnaires carrying flags followed. And the "Last Post" was sounded.

The opening address was given by Rev. V. H. Evans who declared the Hall open after officially placing the Charter on the wall.

The dedication address by Rev. Mitchell opened with the fact that the hall had been dedicated truly by lives given in battle, not for the use of families, relatives, survivors and comrades for recreational purposes.

"We have pride in the Canadian Legion as a most democratic body joined together by the spirit of democracy — where men of all walks of life march together under one discipline bonded to one common allegiance."

Rev. Mitchell quoted that the couple upon whom the eyes of Empire were set — whose infant's birth was a matter of public rejoicing — took their place in the fighting forces, not in a high place but among their fellow men with humility.

He also spoke of the sacrifice made by those of the regiment who had not returned.

Mr. R. E. Dye (who has helped the Legion in numerous ways) also spoke a few words followed by Mrs. Kesnesky of the Ladies Auxiliary of the Legion.

This was followed by the March of Colors with flags and the National Anthem.

A wonderful time with dancing followed. "Just like old times," one person remarked.

WE'RE STILL DEVELOPING

The \$25 million Ontario tobacco crop this year, says The Financial Post is striking proof that agricultural development in this country is by no means completed. Here is practically a brand new product and certainly a brand new substantial source of farm income. Twenty-five years ago the areas in which this tobacco is grown were regarded as almost worthless.

The introduction of tobacco has changed the whole picture. Farmers are prosperous, villages and towns are growing, new industries directly and indirectly associated with tobacco growing and curing have sprung up.

What has been in tobacco will undoubtedly be done with other crops and in other areas in the years to come. Science, experience and good luck will certainly find new uses for our soil, that will produce new wealth and greater production.
