TURNING THE PAGES OF

"Canada Unlimited"

In 1617, Canada's first farmer, Louis Hebert, used a scythe to reap his harvest. Working by hand, he could barely provide enough grain to supply his own family.

The pioneer farmer and his sons, with their one horse, worked long and hard to grow enough food for their own use.

In 1852, farmer Daniel Massey made the first mowing machine in Canada. Later Alanson Harris designed the reaper. Their combined efforts in 1891 helped develop the wheatland of the West.

The introduction, in 1910, of the combine, made it possible to reap and thresh 25 acres a day. Now, one man with modern equipment can cut and thresh 50 acres a day.

It is Canadian people and Canadian machines that prove... there's room to grow in Canada Unlimited.

"Christ The Way"
O Christ the way! Give me the torch of light.
That I may now uplift it, and may guide
The blind and staggering on Life's rugged path:
And so sustain them when they fall,
Until they too can see, through glimmering sight,
The way to Thee.
Give Me the torch, that I may go before,
And with Love's message cheer them on and on,
Until Thy voice they hear, and with glad hearts
Receive the truth as taught by Thee of old,
The truth of God.
Give me the torch that I may thus inspire
Their longing hearts,
With glimpses of Eternal Happiness,
They knew not of before.
And then with senses keen and eyes no longer blind,
They too may teach the goal that Life Eternal brings.
O Christ the way! Together we shall go
Treading in Thy dear footsteps, with the crowd
That sought and found Thee — and rejoice
That Thou Our way — Our truth — Our life
Art one with us — and we are one with God.
