

A YEAR AGO THIS MONTH AT TERRACE BAY (Cont'd)

A year ago this month there was no such name as Terrace Bay. We were known as Black, Ontario.

During July '46 a teletype machine was installed to link us with LongLac's head office in Toronto..... Marvin Lemon reported for duty as an engineer to work in the Townsite on which construction work was just starting.....in the middle of the month Ontario Construction poured the first basement for the first Terrace Bay house.....North American Buildings were busy setting up their mill to produce prefabricated houses.....Imperial Oil Co. were installing storage tanks and service pumps.....work was being completed on the temporary water line for the Lower Camp and a water tower was being built.....plans were progressing for our present road out to the Trans-Canada Highway.....the engineers and visitors drove back and forth morning and night, to and from the Schreiber Staff House.....LongLac defeated Schreiber in a ball game 5-0.....the Millsite area was being cleared, stumps and vegetation were being removed prior to excavation for what is now the pulp storage building, the first permanent building constructed.

On July 31st, 1946, only 135 men were working at the project for all contractors and the LongLac organization.

RECENT TERRACE BAY VISITORS

From Kimberly Clark Corp., Neenah, Wisconsin: C. W. Nelson, B. F. Smith, S. M. Neuville, J. Foley, Geo. Clark and Dick Nelson.

From LongLac's Toronto office: E. G. Patterson and R. J. Shemanski.

From LongLac's Woodland's Dept. at LongLac, Ontario: Gordon Cousins and A. F. Beull.

WE WELCOME.....three charming young ladies to Terrace Bay - recent additions to office staffs: Marg Kiff from Chatsworth and Owen Sound, Helen Mantle and Gertrude Handley both from Sudbury.

A WORD TO THE WISE.....FROM THE GAME WARDEN

It is illegal to carry any fire arm or air gun for the purpose of hunting between March 1st and August 31st inclusive, according to an amendment to "The Game and Fisheries Act" passed April 2nd, 1947. Need we say more?

A TENNIS CHALLENGE FROM HYDRO

We have been issued a challenge by Hydro to meet them in a tennis tournament. All interested parties should contact Ted McDonald at the Upper Camp warehouse. And, by the way, that makes three Mc or MacDonalds on the warehouse staff, Dave, Alex and now Ted. (We're assured that they are not even remotely related.)

RECREATIONAL FACILITIES

For those who are new at Terrace Bay, it should be noted that, in addition to the "Schedule of Events" which lists movies five nights a week and regular soft-
