

AT THE MOVIES All movies are held in the new Recreation Hall at 8:00 p.m.
Admission, including tax, Adults .25¢, Children .10¢.

Fri. & Sat. "TOO MANY GIRLS" - a happy load of rhythm in a razzle dazzle
Aug. 29th & 30th riot of fun, pep, romance and laughs. Produced and directed by George Abbott who produced the original stage show, the picture features Lucille Ball, Richard Carlson, Ann Miller, Eddie Bracken, Frances Langford, the Cuban sensation Desi Arnaz and Hal Le Roy. Added "PLUMB CRAZY", a top notch comedy thats full of amusing action.

Sun. Aug. 30th Educational Films will be shown - no admission charge.

Mon. & Tues. "HER ADVENTUROUS NIGHT" - in this picture, Dennis O'Keefe and
Sept. 1st & 2nd Helen Walker vainly try to curb the fabulous imagination of their 12 year old son. Finally at school the son flourishes his father's gun and to startled police announces that the weapon is a souvenir of an unsolved 13 year old bank robbery. Pressed for details, the son draws on his imagination and spins a weird yarn involving his parents in the affair. Added: "TINY TERRORS OF THE TIMBERLAND", the amusing adventures of three bear cubs and their woodland wanderings.

AT THE MILL The steel framework of the mill is now sufficiently erected to give a preview of the size of the completed mill structure. The steel in the Causticizing Building has already received its final coat of Cascade Blue paint. Installation of equipment is scheduled to start soon with the erection of various auxiliaries in the Boiler House.

WOODLANDS DEPARTMENT We are advised by Malcolm Spidell that despite a late start, the river drive is progressing very well. Already 65,000 cords of wood have been brought down the river. Its quite a sight to watch the logs tumbling over the falls in the Aguasabon River. Don't miss it!!

THE STUDENTS With the beginning of September and the pre-season practices of football at the universities, the university students who have been with us during the summer months will soon start to leave for another year at the centres of learning.

During the past few months at Terrace Bay, they have gained experience in many phases of construction work, from surveying to costs.

We hope that they have enjoyed their stay here and we wish them the best of success during the coming scholastic year.
