

HOUSE ERECTED IN RECORD TIME A seven-man North American Buildings crew created somewhat of a record at Terrace Bay on Thursday, August 28th, when they erected a prefabricated house in the short span between 7:40 a.m. and 3:30 p.m. with an hour off for lunch.

The log of the erection of House #183 follows:

- 7:40 a.m. Erection truck arrived on the site
- 8:24 a.m. First floor walls in place
- 9:50 a.m. First floor ceiling in place
- 10:50 a.m. Gables and upstairs partitions in place
- 12:00 noon to 1:00 p.m. Lunch hour
- 1:40 p.m. Roof in place
- 3:30 p.m. Roof papered and windows installed

Working under the Foreman, Reg "Slim" Guilderson, the seven-man crew consisted of: Dave Woywooda; Jimmy O'Toole; E. Janke; G. Swerdyliak; J. Forest; J. Sophieha; V. Zalaski.

FISH AND GAME ASSOCIATION ANGLERS' CONTEST Less than two weeks remain in the Anglers' Contest which ends officially on September 15th. During the past week three changes have occurred in the standings.

Gordon Dodge picked off a 10 lb. 15 oz. Lake Trout off Victoria Cape with a copper spinner to take over 1st spot in the Lake Trout class.

L. H. Larson hooked a 3 lb. 10 oz. Pickerel about 15 miles up river with a Daily Double plug.

Bill Allen latched on to a 3lb. 1 oz. Speckled at the mouth of the Aguasabon with a June Bug spinner and thereby hangs a tale. Bill was fishing with Tom Kelly, Secretary of the Fish and Game Association. Tom had just lost the speckled (when his line broke) which now gives Bill Allen claim to 2nd position in the Speckled Class. How do we know? When Bill hauled in the fish, the lure that Tom Kelly had just lost was dangling from its mouth.

Leaders in the contest to noon September 3rd:

<u>CLASS</u>	<u>TYPE OF FISH</u>	<u>LEADERS</u>	<u>WEIGHT OF FISH</u>
1	Speckled Trout	1st W.Heinrich (LongLac Woodlands Dept) 2nd W.O.Allen (Canada Bridge)	4 lb. 3 lb. 1 oz
2	Lake Trout	1st Gordon Dodge (LongLac) 2nd P. Leschuk (Fraser-Brace)	10 lb. 1 oz 9 lb.13 oz.
3	Pike	1st P. Leschuk (Fraser-Brace) 2nd Geo. DeLong (LongLac)	12 lb. 7 oz. 9 lb. 1 oz.
4	Pickerel	1st L.H.Larson (North American) 2nd Jack Erstrom (LongLac)	3 lb.10 oz. 3 lb. 3 oz.

FROM THE RECORDS 18 Months Ago at Terrace Bay

Diamond drilling crews were hard at work boring test holes.....the Snow-mobile arrived on the job.....2 - 16x24 foot buildings on skids were being built in the Lower Camp near the present Hospital - the first buildings of the LongLac project. The only typewriter on the job had to be sent to Port Arthur for repairs and Jim Isbester, engineer in charge at the time, was writing his reports longhand. Crews and staff travelled back and forth from the Staff House in Schreiber.

12 Months Ago at Terrace Bay

At the Millsite, mill clearing was 90% complete.....work continued on the south wall of the Pulp Storage Bldg. In the Townsite 8 houses had been erected..... 34 basements were complete.....clearing had been completed on all streets approved.
