DRIVE SAFELY

Each week in "Terrace Bay News" we feature some phase of safety or fire prevention as it applies to Terrace Bay. This week we would like to say a word about safe driving.

Due to the condition of our roads and the volume of construction traffic it is not safe to drive fast anywhere in the project and we would like to stress this fact. We also would like to urge all drivers of vehicles to stay within speed limits displayed on signs throughout the project. Railroad crossing signs should be obeyed in every instance! And PLEASE take special precautions when driving through the Townsite. WE LOVE OUR CHILDREN.
