

GOOD LUCK AND BEST WISHES MARG PATOINE

Marg Patoine leaves the Long Lac organization to-day to be married in Toronto to Morris A. Yates. Marg was among the first five girls to be employed in Long Lac's Toronto office and as Head File girl has watched with deep interest the progress of the Terrace Bay project. Climax to her career with us was the six weeks she spent at Terrace Bay which thrilled her no end and in Marg's own words if she "weren't getting married she would love to be staying on at Terrace Bay".

As Marg embarks upon her new career, a host of friends in the Long Lac and Kimberly-Clark organizations extend to her their very best wishes for a very happy future.

No matter where they appear in Terrace Bay, or elsewhere, they are the centre of attention, and Friday last (Oct. 10th) was no exception. Great preparations were made in advance of the noteworthy occasion which was attended by well-wishers who crowded number 40 Pine Crescent for the event. With their customary gusto, our celebrities entered into the spirit of the day and among other achievements they partook of a frozen delicacy called ice cream for the first time. The Johnson twins, Paul Douglas, and Robert Barry were celebrating their 1ST BIRTHDAY - and they did have fun!

CANADA SAVINGS LOAN (Series 2)

The Second Canada Savings Loan was officially launched October 14th.

Packed by all the nation's resources, and carrying a good rate of interest, (2 $\frac{3}{4}$ %) these bonds are the finest and safest investment to-day.

Residents of Terrace Bay may take advantage of this savings plan in either of two ways:

- (1) All may purchase for cash or on the installment plan of payment through the local branch of the Imperial Bank of Canada
- (2) LongLac employees may buy these bonds through a convenient payroll savings plan and register orders through a representative being selected in each department.

We heartly recommend the purchase of Canada Savings Bonds.

YOU'LL NEVER BE SORRY YOU SAVED!
