HOCKEY MEETING DEC. 3rd

Flooding of the skating rink has commenced, and before many days have passed we should be out with the skates if the temperature continues at the present level and that means hockey may be just around the corner.

With the new lighting system installed, lean-to sections being built for the protection of spectators, and numerous players having indicated interest in the House League and the Terrace Bay team entry in the North Shore Hockey League, the time is at hand for a general meeting of all hockey players and persons interested in promoting Hockey at Terrace Bay. This will be the second hockey meeting of the current season. At the first one, a Steering Committee was chosen consisting of Elmer Dion, Jack Beecher, Les Cannon, Murdo Campbell, Gerry Duguin and Fred Soughton.

Player lists are being compiled by members of the Steering Committee and others who attended the original meeting. Forms have also been posted in all bunkhouses on which hockey players may register.

A Hockey meeting has been called for 7:00 p.m. on WEDNESDAY, DECEMBER 3rd at the Recreation Centre. EVERYONE INTERESTED IN HOCKEY IS URGED TO ATTEND. An Executive for the coming season will be elected and all lists of players should be brought to the meeting.

THE FALL SEASON

Falls of workers are confined to no particular season, and they are certainly no respecters of persons. Any member of any crew or household may be the next victim unless practices that cause falls are eliminated.

Let's not put up signs "Watch Your Step" and at the same time not watch our house-keeping.

With the winter season coming on it will be so easy to trip over construction material buried beneath the snow. Icy conditions also call for greater precautions especially on scaffolding.

Falls actually run a close second to traffic as a major cause of accidental injury and death.

WHY "FALL" FOR AN ACCIDENT?
