

GREETINGS FROM KIMBERLY-CLARK CORP.

(The Officers and Directors of our parent company, Kimberly-Clark Corporation, are also Officers and Directors of LongLac Pulp and Paper Company Limited. As such, Cola G. Parker is President of both companies and it is with appreciation that we acknowledge and publish his first message to Terrace Bay and LongLac.)
Editor-in-Chief.

"It is difficult to imagine a more appropriate time for a first-time greeting to you who are the pioneering members of Kimberly-Clark's new subsidiary company.

I bring, first of all, the Holiday Greetings of our Officers and Directors to you, including every person now associated with the big task of building the Mill and Townsite. We are thankful for that building progress which permits home life to prevail now at Terrace Bay, where for many it was not possible in 1946; everyone appreciates that Christmas is not a time for separation from family.

I would repeat that this is a most appropriate occasion for wishing you well. Christmas, with its message of 'Peace on Earth - Good Will to Men' has in it all of the encouragement for better human relationship that is always so necessary; and a relationship which all of you are now building up in our newest community.

A Merry Christmas and a Happy New Year."

KIMBERLY-CLARK CORPORATION
Cola G. Parker,
President.
