

"RUPE" CLOWES AND FAMILY ON WAY TO COOSA

Last Sunday, Mr. and Mrs. R. I. Clowes and young son David left Terrace Bay for another Kimberly-Clark project, the \$30,000,000. pulp and paper mill development at Childersburg, Alabama - the Coosa River Newsprint Company.

"Rupe" and "Cary" left Terrace Bay with mixed emotions. They had made many friends here since taking up residence in the new community in May 1947, but were looking forward to a new experience at Coosa.

"Rupe" had come to Terrace Bay from Kimberly-Clark's Niagara Falls mill in the fall of '46 to take over the job of Office Superintendent. Apart from his work, Rupe entered wholeheartedly into the activities of the area. An ardent fisherman - he was chairman of the Anglers Contest both last year and this. He also did his share of hunting. When the curling season came along "Rupe" skipped a rink despite the fact that it was his first year at the game. Whenever there was a party or a banquet "Rupe" was invariably called upon to act as M. C.

Before departing, Rupe was the proud recipient of a beautiful silver cocktail shaker and tray presented by his business associates.

The Clowes will be missed at Terrace Bay by all who knew them and as they embark upon a new venture, the best wishes of their friends and associates go with them.

NOTICE TO ALL PARENTS OF SCHOOL-AGE CHILDREN

Mr. C. Smith, Principal of Terrace Bay Public School has recommended that all school pupils be examined by the Medical Office of Health, Dr. D. J. McCausland, before the close of the present school term. Cards will be given to all pupils and parents are asked to sign and return at their earliest convenience. Parents of prospective pupils for the new school term commencing Sept. 1st, are asked to report such pupil's name to Mr. Smith, with whom a similar card will be left. This gives the parents an opportunity to have the necessary work checked and attended to during the summer holidays, in order to avoid having to take the pupil out of school at a later date. Your co-operation in this respect will be much appreciated.

W. F. Strutt, Secretary-Treasurer,
S.S. #1., Terrace Bay.

FIRE HAZARD IS MOUNTING AGAIN

The fire hazard is again mounting in district forests but no new outbreaks have been reported during the past few days.

In recent weeks, Northern and Northwestern Ontario have experienced the worst spring forest fires in years and while it is known that some fires have been started by lightning, others have definitely resulted from carelessness on the part of smokers, campers and members of picnic parties.

We would again urge that everyone take every known precaution to eliminate any possibility of a forest fire caused by carelessness.

When you have anything to do with a camp fire.....use lots of water - make doubly sure it is out.

When you are putting out a cigarette, cigar or pipe.....crush out ashes on rock.

When you put out a match.....break it in two and hold it until it is cold.

HELP PREVENT FOREST FIRES.....IT PAYS
