

UNLAWFUL REMOVAL OF MATERIAL WILL NOT BE TOLERATED

An incident occurred recently at Terrace Bay which should be brought to the attention of everyone associated with this project. It was necessary to discharge a workman for unlawfully removing material from a stock pile. If a charge had been pressed against the workman in question, a jail term would, no doubt, have resulted. This incident should serve as a lesson to all, for in future, persons guilty of unlawfully removing any material will be prosecuted to the full extent of the law.
