FOOD FOR THOUGHT In many respects Terrace Bay is "arriving". The "construction period" is nearing an end and the "operating stage" is nearly upon us. Community activities have gradually expanded and as time goes by they will further expand. Apart from the regularity of organized activities, "events" add much to the "way of life" in a community such as Terrace Bay. A recent example was the visit of Canada's 'Number One' Dance Band "Mart Kenney and His Orchestra". Other "events" will be staged at Terrace Bay and there is no reason why community concerts should not play their part. At first it may not be possible to bring to Terrace Bay, Concert Artists of world renown, but many good Artists are available at a fee which should make possible their appearance in our community.
