WINTER FUEL ORDERS The attention of all townsite residents is again drawn to the fact that winter fuel orders should be placed now with Joe Heenan at the Administration Office in order to take advantage of the 50¢ per ton discount on anthracite coal which will be \$22.00 per ton on and after December 1st. In order for the discount to apply it should also be noted that full truck loads of coal must be ordered. Now is a good time to fill the coal bin before snow blocks driveways. When coal orders are placed one week should be allowed for delivery.
