(Officers and Directors of Kimberly-Clark Corporation are also Officers and Directors of LongLac Pulp and Paper Company Limited. As such, Cola G. Parker is President of both organizations. We sincerely appreciate and are pleased to publish Mr. Parker's second Christmas Message to LongLac employees and residents of Terrace Bay.)

"We are coming again to that season of the year when human effort always assumes greater meaning and purpose. It is a time to express the cheer and gratitude which we feel and I am most happy to do so on behalf of our Officers and on behalf of your many friends and well-wishers away from Terrace Bay, to wish everyone of you a merry Christmas and a Happy New Year.

1948 has been a year of final construction accomplishment. A great mill has been built and a fine town, too, to provide for proper living. The coming year will undoubtedly bring new problems, having to do with more routine development and operation of the facilities that have been built, but, with the message of Christmas before us, we can be as confident about that future as we are proud of what already has been done."

President.
