

as part of the Community Recreation Program.

Too much emphasis cannot be placed upon the importance of having everyone who can possibly do so attend next Thursday's meeting. The decisions which will be made at that time will have a direct bearing on the lives of every resident of this Community and it cannot be stated too strongly that only by whole hearted public support can a Community Recreation Program hope to succeed. Light refreshments will be served at the close of the meeting.

If present progress continues and no complications set in, there will be no need for any amputation according to reports received.

Frank would appreciate reading material, however, and it goes without saying that he would naturally be pleased to receive letters from any of his Terrace Bay friends. His address at the present time is c/o St. Joseph's Hospital, Port Arthur.
