

ANNUAL HOCKEY BANQUET HELD AT HOTEL TERRACE The '48-'49 hockey season wound up officially on Thursday, May 12th, with a banquet which was held at Hotel Terrace, attended by some 50 hockey enthusiasts.

Following the banquet, President Bill Borsum reviewed the activities of the past season. D. C. Porter, Mill Manager, then presented the Northern Wood Preservers Trophy to Ed Brady, Captain of "Tigers", the team which won the House League Championship. Mr. Porter also presented the "Rookie Award" to John Holancin as the "rookie" of the year. Eldon Marostica gave the financial report covering the season, and Harry Ganja outlined the position of the Hockey Association regarding equipment. An election of officers for the '49-'50 season was then conducted with the following results: President - John Holancin; Vice-President - Lorne Peck; Secretary - Earl Veitch; Treasurer - Gordon Keeley; Community Recreation Committee Representative - Bill Borsum. Following the election of officers the entire group proceeded to the South Camp Recreation Hall for a boxing card presented by Bill Sernesky, which was very well received. The evening wound up with games and music on the accordian supplied by Walter Rothenburger.

STILL ROOM FOR IMPROVEMENT Records for the first four months of 1949 show that the accident frequency rate for the LongLac Pulp and Paper Company has gradually improved.

January - 28.66 February - 21.54 March - 17.67 April - 9.41

While such improvement is gratifying and a tribute to the efforts of each employee who is endeavouring to make the Terrace Bay mill the "Safest Mill in Canada", there is room for improvement. The price of a good safety record is, of course, a continuing awareness on the part of each employee that the only way to work is the safe way. Slogan contests, departmental safety contests, safety talks, posters, and the efforts of the Accident Prevention Committee and its sub-committees all help, but in the final analysis the responsibility for a good record and a good accident prevention program rests with each one of us as individuals. It is the individual (could be any one of us) who suffers pain and loss of pay when an accident does occur and the same individual benefits most when accidents are prevented. Let's all be careful and constantly remember the now famous National Safety Council Slogan: "BE CAREFUL - THE LIFE YOU SAVE MAY BE YOUR OWN".
