THE FABLE OF THE DOG AND THE BONE

Once upon a time there was a dog - a large ominous looking one - who had the name of Hazard. Now it so happened that he was hungrier than usual and when he found a succulent bone with a lot of meat on it, which was called Safety, he was overjoyed and his mouth fairly watered in anticipation. While happily carrying it home, it so happened that he came to a deep pool of water with a surface so smooth and calm it resembled a shiny mirror. As Hazard looked into it, he saw another dog holding a bone in his mouth which looked even bigger, nicer, and much more tempting than the one he had. Now he thought this was wonderful for here was another bone that he could easily get and what a feast he would have. So he growled at the dog, thinking he could scare him, thus making him drop his bone. But the growl did no good and this made Hazard angry. Had he only stopped to think he would have known that he was growling only at an image, but he didn't. Consequently, not stopping to use his head, he opened his mouth, sprang forward and snapped at the image. In so doing, he landed in the cold water, got a mouthful of cold water which nearly strangled him, and his bone sank to the bottom.

Alas! Hazard found that the other dog with his bone had disappeared and he had lost his own as well. Wet, and shivering, from the icy water, he crawled out onto the bank and lay down weeping bitter tears of sorrow and disillusionment.

"If I had only stopped to think," he moaned, "this wouldn't have happened! I'll never do it again."

Moral: No matter who you are, where you are or what you are doing, take time to think and you will never regret it for the life you save may be your own.

LOCAL HARDBALL TEAM GOING TO KAPASKASING

Terrace Bay's Hardball Team is scheduled to play in Kapuskasing next Sunday, July 31st and the boys are really looking forward to the trip. This will be the team's first appearance this year against any team other than Schreiber. Playing against Schreiber last Saturday night, Terrace Bay came out on the short end of a 6-4 count for their fourth loss in 10 starts. During the game, the locals lost the services of one of their stalwarts for the balance of the season when Phil Stuart suffered a broken ankle. At the present time Phil is in Terrace Bay Hospital where he would be glad of a visit from any of his many friends.
