

The Services Department is responsible for ordering all incoming raw materials, supplies and maintenance items and the warehousing of same also for loading and shipping the finished product. Services performed by janitors, watchmen, mobile equipment operators and garbage collectors also come within the jurisdiction of this Department.

Personnel Department Services and Company Benefits

In addition to its normal responsibilities regarding employment, promotions, administration of the labour agreement, safety, first aid and other related matters, the Personnel Department interprets to all employees facts concerning the varied aspects of such Company benefits as are available to each employee. These benefits include the "Blue Cross Plan for Hospital Care", Group Life Insurance, Employees' Mutual Benefit Society and local Group Medical Plan. The Department also takes responsibility for the publishing of a weekly mimeographed newspaper "Terrace Bay News."

Collective Bargaining Agency

Local #665 of the International Brotherhood of Pulp, Sulphite and Paper Mill Workers is the collective bargaining agency with which LongLac Pulp and Paper Company has a labour agreement covering hourly paid workers at Terrace Bay.

Hydro Electric Power

Hydro electric power for Terrace Bay is derived from the recently completed 55000 Horsepower Aguasabon Generating Station located 3 miles west of the Townsite on the shore of Lake Superior.
