FIRE PREVENTION WEEK The Fire Department would like to take this opportunity to offer their thanks to the following people who contributed toward making Fire Prevention Week the success that it was: Lumber's Groceteria and Hudson's Bay Store for display space; to the Boy Scouts and all the other boys and girls who distributed literature, made posters, wrote essays, etc. It will be of particular interest to the parents of school children that a surprise Fire Drill was held at the school last Friday and in the short space of 40 seconds the building was totally empty. It took another 30 seconds to have all of the occupants in a safe area away from the school.

CHILDREN THROWING STONES Within the past few weeks, some of the children in the town-site have developed a very bad and dangerous habit of throwing stones using various objects and buildings as targets. As this habit can be very dangerous to life and limb as well as being costly to the victims, the time has come when the Provincial Police are prepared to take action against any of the offenders that may be caught. Some of the local fraternal organizations that have buildings to maintain, are invariably struggling for survival, financially that is, and if they are put to the expense of replacing windows, etc., every week or so, it can be a very expensive proposition. In this respect, the co-operation of the parents will be greatly appreciated.
