

FLASH!!! Hec. McLeod, Woodroon Relief Tour Foreman and hunter of some fame, was treed by a Moose on Monday while hunting deer. Could it be that the Terrace Bay Moose are more vicious than the Kapuskasing Moose, or should Hector trade his rifle for a set of spurs? (Spruce Log please copy).

NIGHT IN VIENNA One of Western Canada's leading press critics - on the Winnipeg Free Press - stressed the delightful "casualness" of the production "A Night in Vienna" which is on its fifth record-breaking Canadian tour and will be presented here at the Recreation Hall on Thursday, November 3rd. Tickets on sale at \$1.00 each.

A past-master in creating musical offerings of popular appeal, Producer Basil Horsfall has eliminated all artificiality, all stiffness, in this delightful melodic presentation. The audience instantly feels a kindred spirit as soon as the curtain rises and welcomes these young Canadian singing stars - exuding freshness and youthful vivacity - with open hearts. Many, after the show, have said: "We felt like joining in and singing some of those well-known melodies with the cast."

Only acts and song-hits whose popularity have stood the test of time have been selected for "A Night in Vienna."

CANADA SAVINGS BONDS During the past week, employees of the mill and office staffs have had the opportunity of signing to purchase Savings Bonds through the Payroll Savings Plan, and though returns have been made from two or three of the canvassers only, the demand for extra form blanks has indicated that our employees recognize a good thing when they see it. It is assumed that most of our employees will have been contacted by today, however, as the campaign does not close until Friday, November 4th, we are leaving all data in the hands of the canvassers 'till then. In this way we can feel sure that anyone who has been missed, may have time to make inquiries and complete the necessary form.

LIBRARY BOOKS Last Saturday morning, the Scouts called at most of the houses in the townsite in an effort to collect as many books as possible, for use in our library. The results were very encouraging, however, there were a few houses where the boys were informed that the books that they had were not ready to be picked up. In order that we may take full advantage of the co-operation of our residents, arrangements have been completed whereby any person wishing to do so, may leave books at the office in Hudsons Bay Store. The Townspeople are to be thanked for receiving the Scouts as they did.
