

TEEN TOWN On Saturday, October 29th, "Teen Town" had it's first Hollow'een Dance which proved to be a gala affair. Members arrived dressed in their costumes of black and yellow and for the most part were of original design. The prize for the best dressed girl was won by Dodie Thorstienson, who represented a ghost. Terry McClunes was awarded the prize for the best dressed boy. He depicted the role of a "convivial" sailor.

"Teen Town" is looking forward to many more of these hilarious evenings and in this connection all "Teen-Towners" are reminded that the next meeting is scheduled for Saturday evening, November 5th from 7:30 to 11:00 p.m. Dancing after the usual meeting will be on the programme.

Maybe you have been mulling over in your mind, as to whether or not you should pledge yourself to saving a little each pay. So, if you have been thinking about it and have finally decided to do the right thing by yourself, you have just enough time to get in under the wire. Once again we remind you that "EVERYBODY HAS SOMETHING TO SAVE FOR".

TERRACE BAY'S ATHLETES On Friday, October 14th the Schreiber Continuation School held a Track and Field meet in Schreiber. However, if one was to judge by the number of firsts, seconds and third places taken by students from Terrace Bay, it would appear to have been a Terrace Bay meet. Top honours and our hearty congratulations go to Anita Duncan who walked off the field as Senior Girls' Champion (you can really stick your chest out after that, Jim). Another Terrace Bay student, Donna Wood, was tied for second place in the same events. Though our boys didn't bring home any trophies, they showed our neighbours that they are not to be counted out when it comes to displaying physical powers. Among some of those who placed in the various events that they entered are as follows: Girls - Benita Smith, Florence Compton and Charmaine Dodge. Boys - George De Long, Jack Shaunossy, Ray Husband, Gordon Savoy, Walter Sitko and Glen Baillie.

Nice work, girls and boys, congratulations to all of you.

SKI ENTHUSIASTS The ski hill, situated west of the surge tank at the Hydro Power Plant, is near completion, but more help will be required if it is to be finished before the heavy snowfall. A road has been put in from the highway to the top of the hill and shacks which will be used for clubhouse are there to be erected and put into shape.

Anyone having cars and wishing to transport some volunteers to the hill will be appreciated by the ski executives, as we must have this hill completed if we are to enjoy good skiing this winter.
