NEXT WEEK'S SAFETY SLOGAN

(8:00 a.m. November 14th to 8:00 a.m. November 21st)

"SAFE WORKERS THINK"

o-o-o

Another week has passed and our safety record now stands at 87 days, more than 313,000 man hours without a disabling lost time accident. Less than two weeks now remain in our effort to reach 100 safe days. With everyone on the alert, all the time, guarding against both "mechanical" and "human" hazards, the record of 100 safe days can be attained. "ACCIDENTS DO NOT HAPPEN, THEY ARE CAUSED AND CAN BE PREVENTED".

o-o-o

SPECIAL The sections are all ready for the Kids Rink at the School. These sections will be assembled on Saturday afternoon, and due to the tremendous amount of work being done on the bowling alleys, etc., volunteers are needed to do this job. Please contact Jack Wellings immediately, because this rink must be completed soon due to the lateness of the season.

NOTES IN PASSING by "The Passerby". On one of our aimless walks around Town recently, we happened to notice:- the bright, colourful winter costumes on the youngest folk; the "Oh, darn it" expressions on their faces when the snow disappeared the last couple of days; the forlorn, yet expectant look of the skis, toboggans and sleighs leaning against many homes; the nearly completed Garage and Offices of Terrace Bay Enterprises; the steel work starting to rise at the new bank building; the nearly completed garages at the North Camp; the "Gee, I'd like to have a car in there", look of most of the bachelors up there; the closeness of the 100 day accident-free record and the extra fine production figures on the big board in the mill; the amount of noise emanating from the Bowling Alleys and the dreary look of the Ball Park and Skating Rink.

Have you a special thing that you'd like us to note, here?? If so, please tell us and we'll rush down to see it and then WRITE ABOUT IT in this column. Everybody in Terrace Bay is interested in Terrace Bay and we feel sure that everyone would be interested in knowing some of the small things of life that go on all around us.
