

NOTES IN PASSING Y'know there really is a whole lot of happiness in this Town. I mean
by real happiness, -- not just joy over some newly acquired toy or per-
"THE PASSERBY" sonal property, -- but real honest-to-goodness happiness. This happi-
ness is truly deep rooted because it shines out all over you good
people. --And, we're not talking through the proverbial hat, neither, because for some
months now we have made a secret survey and have found nil hatreds and nil deep dislikes.
--Sure, we'll admit that maybe you don't like the way that some person walks, or their
viewpoint on certain matters, (this is entirely normal, you know), but you really wouldn't
do that person any harm would you?

Talking about surveys; --- why don't you run one on this business of happiness in
our Town?? Here's what to do: just go around and watch people at dances and other public
functions; see how they seem to be having fun; note the smiles; go over and talk to **them**;
and when you're all finished go home and tabulate it all in your own mind and see if we're
not right. Go on, we dare you!!

Let's look at it another way. You and I, and all of us, "crab" about different
things that aren't quite right hereabouts, and we sometimes say, - "Oh, it used to be this
way, or that way, back in the old "Home Town". But, did all those things that were so much
better back there add up to all the joy and stuff that there is around here?? And just
think how much better it's going to be when we get all those little comforting devices
around our homes.

We are happy here,--not just because it's Terrace Bay, but simply because the
people who live here are the types who know how to be happy, and who would be happy any
place. We love our wives and our husbands and our children, and we are proud of our neigh-
bours,--so why not tell the world about it??? This is exactly what the writer is doing,
and he's darn happy and proud to be able to do it, too!!
