

WITH THE PUCKSTERS Sunday, February 5th, Terrace Bay - Schreiber All-Stars defeated the once mighty Port Arthur Bearcats by a score of 5 - 4. The Terrace Bay Rockets players selected for this team were: Pete Diduch, Harry Ganja, John Holancin and Harold Hill. All turned in a really good game. Pete Diduch got two counters, one the winning goal. A total of approximately 1100 enjoyed the fast game and are looking forward to another game before the end of the season.

Terrace Bay Rockets defeated the Ancient All-Stars (a team comprised of all ex-stars and would-be stars from among the hockey players who were not on the Rockets regular team), the score being 9 - 3 after 3 periods of bone-bruising hockey. Fisher, the referee brought in from Schreiber, kept the game well under control all the way. Action was marred by the injury to "Red" Gooderham who minded the net for the All-Stars, but "Red" seems to be as hale and hearty as ever again today.

House League Hockey games continue nightly (weather permitting) to wind up the schedule and declare a winner for the Northern Wood Preservers' trophy. A complete record of standings is being completed by statistician "Chick" Chicorli and will appear next week.

The Rockets will play an exhibition game in Rosspport on Sunday, February 12th. Let's take over a real rooting section for this game. Rosspport take their hockey seriously and really turn out in force. A return game on the local Hockey cushion will be arranged for later this month.

News re the Valentine Ball is elsewhere in this issue. All the citizenry of the community including those who haven't been able to get out to many hockey games, are urged to show the team their support by turning out at the big dance in the Recreation Hall on Friday, February 10th - 10:00 p.m.

IT DOESN'T PAY TO TAKE CHANCES Here we are into the second week of February and due to the continued efforts of everyone to work safely no on duty lost-time accidents have marred our 1950 record to date.

When things are going well, however, it is a good thing to bear in mind the fact that: ACCIDENT PREVENTION IS NO FLASH-IN-THE-PAN PROPOSITION. IT'S A YEAR-ROUND, DAY-LONG, MINUTE-BY-MINUTE JOB FOR EVERYONE. Only by adopting this philosophy and really working at it both on and off the job can we prevent accidents from happening to us as individuals.

Accident prevention is good business for everyone but most particularly for the person who might have been on the receiving end of a lost-time accident. And since we'll never know who might have been injured if accident prevention measures were not in operation, each one of us ought to be thankful for every safe day we have... AND ... resolve individually to do our best all the time to be constantly on the alert, guarding against everything (including unsafe working habits) that might cause an accident. ACCIDENTS DON'T JUST HAPPEN, THEY ARE CAUSED, AND CAN BE PREVENTED.
