RED CROSS CAMPAIGN "OVER THE TOP" A hearty vote of thanks to all the Red Cross canvassers in the community.

A sincere "Thank You" to all the wage earners of Terrace Bay who contributed so generously to the 1950 Red Cross Campaign. In almost every instance, the departments of LongLac Pulp & Paper Company Ltd. exceeded quotas set for them by Campaign Chairman Earl Veitch. We were also ably assisted by Dominion Catering Co. employees, Aquasabon Hydro employees, and others in the Community Services group. Of all these, the Terrace Bay nursing staff led the way, being away over the top early in the campaign.

Total returns show \$1,255.25, or 25.5% over our objective of \$1,000.00. We believe that our per capita contribution in this community leads the way in the Port Arthur district of the Lakehead Red Cross area.

Only a spirit of co-operative good will made the success of this Drive possible. Terrace Bay citizens have again demonstrated their awareness that such needs as are served by the Red Cross are a definite responsibility we have toward those who may be less fortunate.
