

TOWN TID BITS You just can't seem to convince some of these dyed-in-the-wool Curlers that spring is almost with us. On Friday, March 31st and Saturday, April 1st, six rinks got together and organized themselves a short two day 'spiel which Paul Boudreau's rink won. Now we hear that they have outdone themselves by playing a grudge game last night. Take it easy fellas, you'll be playing on sand pretty soon.

Last Thursday and Friday we had the pleasure of welcoming C. A. "Sam" Samuelson and a bus-load of supervisors and scalers from LongLac Woodlands Division. The boys were down here to find out just exactly what does happen to that pulp-wood after they lose sight of it. They arrived on Thursday, checked in at the Hotel and were conducted through the Mill on Friday. According to the guides, our visitors were very interested in the processing end of the business and after having checked with the Hotel Manager, we find that all four walls are still intact in that building. Welcome back any time, fellas.
