ATTENTION RESIDENTS The salvage pulpwood found lying around the shore of Lake Superior or Hays Lake IS NOT to be picked up and taken home for firewood. This pulpwood is the property of the Pulpwood Salvage Association and it is unlawful to take any without their permission.

During Wednesday, Thursday, Friday and Saturday of next week, all of the rubbish which has accumulated from cleaning up front and back yards, will be picked up, IF it is raked or carried out to the front lot lines at the edge of the street, approximately in the same spot where you leave your garbage cans.

ATTENTION ALL "OLD SALTS": A very important meeting of ex-Naval personnel is scheduled for Monday night at 2000 hours in the Teen-Town Hall for the express purpose of lining up a "Salty" programme for the big Naval Re-Union coming up on June 17, 1950, at the Hotel Terrace.

All "Old Salts" are urged to heave-to and drop anchor for a standeasay or so and spin a salty yarn - you might even hear a few that haven't been told before. Let's all muster on the Quarter-Deck and be prepared to outline a few ideas toward a live-wire program for this big "do".
