

LADIES' SOFTBALL-(Cont'd from P.1, column 1) header. The first game will start sharp at 2:30 with the night-cap due to commence at 6:30. Coach Jim McCormack has had his charges busy practising for the past two weeks and if present form is any indication the Hilda's are really in for a trimming come Sunday. Quite a few of last year's team are back again and some of the vacancies left by those who have since departed are being capably filled by newcomers.

Business manager Jack Wellings assures us that all details are in readiness to greet our fair visitors from the Lakehead and that all we need for a perfect Sunday will be to have "Ole Sol" be good to us that day.

SCHOOL FIRE DRILL - (Cont'd from P.1) members of the Women's Institute were present and acted as Judges in addition to the School Board members who acted as timers. A total of 59 seconds elapsed between the time the alarm was sounded until the last child was out of the school. This was accomplished by using one door only so as to give the effect that the other door was blocked by fire.

When all pupils have been evacuated to the school yard, they stand in orderly fashion with their teacher at the head, for two reasons: (a) To ensure that they are a safe distance from the school, (b) The teachers can count their pupils and see that they do not break formation.

The Fire Department considers that this fire drill was very well done, and it speaks very well for Mr. Smith, the Principal, and his Staff.
