

CREDIT UNION - (Cont'd) There are many other points about a Credit Union which would take reams of paper to describe, but which will benefit you when you become a member. Talk it over with one of the Executive sometime soon.

Always remember, - we are NOT trying to sell you the Credit Union. We merely try to point out to you how it can help you and how you can help other people at the same time. The basic idea is not new, - it is simply co-operation, or brotherhood, or whatever you wish to call it.
