

# Community Church

All adherents of the Community Church are reminded that Sunday morning service on July 2nd will be at 10:00 a.m., one hour earlier than formerly.

Sermon topic chosen by Rev. A. F. Lavender for this Sunday's service is "The Patriotism of Jesus".

The Board of Stewards would appreciate greatly, being informed of any persons in the Community Church congregation who are ill, as such occasions develop. Any Board member will take the information.

Let us all spare one hour at least per week for our Church.

SOFTBALL An All-Star team from Red Rock came in from Red Rock last Sunday and met defeat in two games with our Terrace Bay team. The first game was a real dandy that was nip and tuck all the way until the seventh inning when the local lads turned on the heat to score four runs and take the lead 7-4, which they never relinquished. Sam Cole and Gord Keeley were the battery for the first game and went the full nine innings.

In the twilight fixture, which Terrace Bay took by the lop-sided score of 17-3, the Red Rock players made a tremendous number of errors, that almost spoiled the game. Dan McMullen and Bill Sadowick were the battery for that game.

At the present time, plans are being formulated to include home and home games with teams from neighbouring towns.

FROM THE LIBRARY FILES More new books are arriving daily and as these volumes are very carefully chosen, it is well worth your while to make a trip to the Library the next period that it is open. Some of the currently new books are:- Young Mrs. Savage by D. E. Stevenson - being an account of every-day events in the lives of Mrs. Savage and her four children, a surpassingly charming novel. Peace of Mind by Joshua Loth Liebman. This book, with it's wisely optimistic outlook on life, provides a basis for thoughtful individual understanding and will help people to remain normal in this abnormal age. Until The Day Break by Sallie Lee Bell - a novel of the time of Christ. This outstanding prize-winning novel has not only strength of character, of setting of plot; it has strength also, of spiritual tone.

TOWN TID-BITS Congratulations are in order to the Fred Soughtons, who celebrated their wedding anniversary on June 27th. Also to the Clarence Smiths who celebrate their anniversary on July 3rd.

###

Mr. and Mrs. Ted Cavanaugh of Toronto are visiting with Postmaster Ed Cavanaugh and his wife for a couple of weeks.

###

School wound up this morning for the summer months and so Principal Smith and family have left for Toronto, where Clarence will pursue his studies until school reopens in September. In the meantime, Mrs. H. M. Craig and son Chucky will occupy the Smith mansion where everybody's friend "Ham" will be able to stay when he visits us this summer.

Misses Barbara Lynch and Mart Brown will leave shortly for their summer holidays but will be back with us for the fall term in September.

Other members of the school teaching staff who will be leaving us shortly and not returning are Eve Woloshyn and Ciel Noonan. Eve has decided to join the staff of the school in Marathon while Ciel is headed for the West Coast to be married to none other than our good friend Bev Smiley. The News joins in with your host of good friends to wish you both the best of luck and happiness in your new ventures.

TENNIS Favourable progress is being made towards putting the courts in shape for play. However, there are still plenty of odd little jobs to be done that take a little time. Any tennis enthusiasts that feel they have a little time on their hands and would like to spend it over at the courts are asked to get in touch with Ossie Dalzell at the Recreation Office.

SAFETY MESSAGE Northwestern Ontario Pulp and Paper Mills Start Safety Contest on July 1st! At midnight tomorrow night, we will start on another contest. This one involves all ten Pulp and Paper Mills in this area from Marathon to Kenora. This is no reason why Longlac should not come out on top and win the trophy as the mill with the lowest limited severity in the area during the next six months. Let's pitch in and do our best!

ACCIDENTS ARE PREVENTABLE
