## BOWLERS TO MEET TONITE

Tonight's the night for all of you bowlers to get out and state your case for the good of bowling for the 1950-51 season. At 7:30 PM the meeting will be called to order in Teen Town. One of the main items on the agenda will be to elect the new Executive, so come prepared to name your choice. It is hoped that we can have just as many teams and just as many enthusiastic bowlers as we had last winter. If we can get organized now, we can start on time right after Labour Day and get in a complete bowling season, so let's get out there and take real advantage of those four dandy alleys. They have been completely re-surfaced and re-finished, all of the walls and wash-rooms have undergone a complete face-lifting to make this past-time just that much more enjoyable than ever.

### MILL RULES MUST BE OBSERVED

Without preaching a sermon, we would like to draw to the attention of all Long-Lac employees the fact that all "Mill Rules" must be observed. Under the terms of our Labour Agreement, suitable penalties are provided for infractions of Mill Rules and they will be applied whenever necessary.

For example, a Pulp Department employee today received a warning for unauthorized operation of equipment which almost had very serious consequences. A further infraction by the same employee would be a reason considered sufficient for discharge. Rules are written for everyone's protection but must be obeyed to be effective at all.
