Provincial Paper Co., Port Arthur and Great Lakes Paper Co. Ltd., Fort William. Also represented was the Ontario & Manitoba Councils of Pulp & Paper Mill Unions.

This meeting once again revealed management's and labour's earnest efforts to discuss mutual problems in their desire to constantly reduce accidents in the mills. The agenda for the day was quite a full one. Among the highlights were two papers presented on Safety, one "Quality Production with Safety" by Fred Soughton of Terrace Bay and one "Plant Inspection" by Ab Minor of Kenora.

Another feature of this meeting was a report on the safety contest currently being conducted amongst the member mills. This contest was conceived at the last meeting of the Branch in May; the contest began on June 30th and is to run until December 31, 1950. The contest Chairman, F. Soughton informed the "Branch" that a "white elephant" last place prize has been obtained and that the first place shield or cup would be forthcoming. The following is the standing of the member mills as of July 31st, listed according to their standing in the contest. LongLac P & P. Co., Terrace Bay; O & M Kenora; Provincial Paper, Port Arthur, Abitibi, Thunder Bay; Abitibi, Fort William, Brompton, Red Rock; Dryden Paper, Dryden; Marathon Paper Mills, Marathon; and O & M Fort Frances.

SURVEY IS CONDUCTED BY GALS !

In an attempt to please all men in Terrace Bay, the girls in the Steno Pool have conducted a survey.

The Question - Do you prefer short hair and long skirts, or short skirts and long hair?
The Answers - (though most of them got the same idea across) were varied and the occasional one, quite odd.

The men in the Main Office prefer long hair and didn't say too much about the skirts. The men in the Woodyard say: "The shorter the better."

One young man was heard to say, "Skirts a little shorter than bathing suits and long, luscious hair." (cont'd page 5)
