LARGEST CIRCULATION IN TERRACE BAY

October 12/50

EVERYONE HAS SOMETHING TO SAVE FOR

TO ALL LONGLAC EMPLOYEES:

Arrangements have again been completed whereby Canada Savings Bonds may be purchased for cash or on a Payroll Savings Plan basis through the Company.

"EVERYONE HAS SOMETHING TO SAVE FOR", and I would strongly urge each one of you to seriously consider purchasing bonds particularly by the Payroll Savings Plan.

There is no thought in the minds of those responsible for this campaign to use high pressure selling methods but there is real merit in encouraging regular saving. It has been proved beyond doubt that through the Payroll Savings Plan, thousands have been able to accumulate reserves which would otherwise not exist.

One other point should be noted. With the international situation as it is, the Canadian government is hopeful that expenditures for security purposes may be financed without resorting to compulsory savings. Everyone should be mindful of this fact when approached by a fellow employee during our campaign which gets underway on Monday, October 16th.

For your future security, buy as many 5th series Canada Savings Bonds as you can afford.

LONGLAC PULP & PAPER CO. LTD.,

D. C. Porter,
Mill Manager.

HOCKEY MEETING

At a recent meeting of the Terrace Bay Hockey Association, the following Executive was elected to office for the 1950-51 season. President - Alex Chisholm; Vice-President, Harold Marsh; Secretary-Treasurer, Joe Butler; North Shore League Team Representative, Jim McCormack and House League Representative, Ossie Dalzell. Earl Veitch was named as Hockey Representative to the Recreation Committee.

Inasmuch as there were not too many hockey players present to represent House League hockey, most of the discussion was around the North Shore League entry. Will all of those persons interested in playing in, or working on, a House League, please leave their names with Ossie Dalzell at the Recreation Office or write them on a slip of paper and leave them in the Terrace Bay News boxes at the Time Clocks or at the Bay. Just as soon as we have sufficient entries to run a house league, we shall call an organizational meeting for that purpose.

Plans were also discussed to operate school boy's hockey along similar lines of last year.
