

The first series of the biggest sport in this little community recently ended in the Ladies', Men's and Mixed Bowling Leagues, while the Commercials are still in session to declare their winners. In all, over 200 residents are participating in this popular game; some for the sport, some for the figure-trimming. Though the interest was not too high at the outset, a momentum set in with the progress of the series. The Leagues' Standing Board had favourable comparison to the boards of Wall Street. To the victors, the runners-up and the losers, the Bowling Association is indebted for their co-operation in abiding with the constitutions as well as working hand in hand with the alley management. Needless to say, this same understanding would be appreciated for further harmony.

From the following excerpts, a concise resume will reveal the highlights of the first series:

Men's League

An all-time record has been accomplished at the alleys. Yes, and if Ripley were living, there's no knowing how far in this wide world would the banners bear "Did you know that Joe Wig bowled a 359 in ONE string?" On the night of December 6th, between the hours of 8:15 and 8:45, Plant Engineer J. C. Wig realized a record of knocking down the lumber and really making chips. Anchor Man Wig's 359 is a recognized fact inasmuch as the scoring was kept by the Bowling Association President. In each of the ten frames of this third string "Joe was on". A few tough breaks held back the realization of "the bowler's dream of 450".

It is reported that the Kakabeka team, captained by John Maurstad, won the first series. This was not a task for the winners until the time the Horsfall Players hit Terrace Bay. Kakabeka had led all the way throughout the series and were ousted only once by Buck's Wings.

Mixed League

Those who have heard Leon Checkryn talk from his cubby-hole, on a soap box
(Cont'd on P.6)

Here is the GOOD NEWS you've been waiting for!! We've been informed by the Ice Committee Chairman that all will be in order to start curling by Wednesday, Dec. 20th. Weather permitting, of course! The 1950-51 season will be opened with a mixed bonspiel for turkeys, starting Thursday, December 21st.

The Draw Committee, headed by Ed. Pineault, in forming the schedule, will assume that all persons intending to curl this season and having given their names to the Membership Committee, will be entering the opening bonspiel. Should any of these persons not desire to enter the Turkey Bonspiel, they are asked to advise Ed. Pineault before Monday noon, the 18th. Also, curlers who have not advised the Club of their intention to curl this season should let Ed. know before Monday noon if they intend to curl in this bonspiel.

The entry fee for the bonspiel is \$1.00 per player, or \$4.00 per rink. The skips will be responsible for collecting the \$4.00 which they will hand over to the Treasurer.

Skips for this event will be chosen by the Draw Committee, and the skips will be notified well in advance by the Draw Committee of the names of their rink mates.

Have you arranged your party for the New Year's Eve Frolic? Better get going, folks! Tickets are now available from all members of the Curling Club. The whole town will be there and, for the first time, the Community has a chance to see and hear the beginning of a New Year. What do we mean by that? Be at the Recreation Hall before midnight on December 31st and get the answer.

YOU CAN'T AFFORD TO MISS THIS DANCE!!

CHILDREN'S CHRISTMAS PARTY

The School Children's Party is all set and is scheduled to take place at 2:30 p.m. on Friday, December 22nd., in the Recreation Hall. The Company bus will make necessary trips through the Townsite to transport the smaller children and their parents to the party. Exact times of the bus schedule will appear in next week's "News".
