GUNNERS' COLUMN

Looking back through last year has seen the Canadian Army grow through pressure of events. These demands will be intensified, for it seems that the only way to have peace is to be strong and prepared.

To that end, it would be wise if every person who is capable have an elementary knowledge of small weapons to prepare themselves for any eventuality. You have that opportunity, and it is in our Reserve Army Unit. This correspondent would like to ask every person who is interested to appear at our Armouries and join our Unit.

The idea of a Reserve Army Unit being a nucleus is gone, and we urgently require every able-bodied man who is willing, to serve his country. The time is now... it might be running out. The portent of events has proved that the cold war has given place to a serious, critical hot war, and our enemy is insidious and cunning.

The Canadian fighting man is gifted with an understanding of warfare. He has proved himself time after time to be flexible in manoeuvre, yet disciplined and courageous. We have a proud tradition to maintain, and by being prepared we will keep it that way.

Starting after the New Year, we will organize our rifle team and practice to be "dead-eye Dicks". Word about the winter camp has not reached us yet, but as soon as it does we will let the members know. For a single man it is an opportunity that it is wise not to pass by. A soldier gets an insight into the regular army life, travel and pay.

On behalf of the O.C., the Unit 67 200 L.A.A., we would like to convey a Very Merry Christmas and a Happy New Year to the citizens of Terrace Bay and to the members of the Battery.
